| Election Type     | <b>Extraordinary</b>    |

---

## **BROEDNER, Kai**

My vision for Exmouth is to create a town that supports a thriving ecosystem & future opportunities for all. Currently our town has a reliance on the tourism industry to keep our town going. However for our community and businesses to survive we need to start investigating new opportunities to help take the pressure off our reef and diversify the local economy. I want to help our town grow & support positive development to allow our community to move forward. I can provide a strong background in business financials backed with an MBA, experience in working for Local Government & being a small business owner. I stand for affordable housing, investments in upgrading towns utilities, sustainability, usage and development of renewable energy, access to Medical Services and Health Care.
