

Candidate Details

Ballot paper name	BROOKS, Jackie
Candidate name	Jackie BROOKS
District	Shire of Exmouth
Nominating for	Councillor for Shire of Exmouth
Election type	Ordinary
Enrolment status	BROOKS, Jackie is eligible to stand for election as a resident of the Shire of Exmouth.

For 27 years Exmouth has been my home, with my family. This deep connection and the support I have received from locals inspire me to put my hand up again to represent you. With experience on State and Federal boards, including Deputy Shire President, I bring strong knowledge of government and policy. I understand the challenges we face with affordability, housing, health and essential services. My vision is to ease the financial burden on ratepayers by developing new strategic ways to attract external funding. By strengthening partnerships with government, industry and philanthropic organisations. This approach by council, I believe will meet the growing needs of our community and environment and the ability to plan responsibly for the future. The heart of my commitment is genuine collaboration, with council and government. I believe in an Exmouth where families are supported, seniors valued, businesses grow with confidence, and our environment is cherished for generations to come.

Additional Information

For 27 Years Exmouth has been my home a place where I have raised my family, built lasting friendships and proudly championed our community. Over that time, I have developed a broad and extensive background in governance, leadership, and community advocacy. Roles include Deputy Shire President, Secretary of the Exmouth Chamber of Commerce and Industry, Chair of Australia's Coral Coast a board member of Regional Development Australia Mid West and Gascoyne also locally with the Exmouth Youth Centre. These roles have given me the practical knowledge of government processes, policy development and advocacy, and taught me the value of listening, collaborating, and working with the community and for our community. I know the pressures many families face in Exmouth, including affordability, housing, health essential services, and environmental management. My vision is to ease the financial burden on ratepayers by attracting external funding initiatives with council and building stronger partnerships with government, industry and philanthropic organisations modeled on the East Coast. By leveraging these resources, we can strengthen the Shires capacity, reduce the reliance on rates and ensure community needs are met while planning responsibly for the future. This approach allows us to invest in essential infrastructure and support the sustainable management and maintenance of our Ningaloo environment. At the heart of my commitment is genuine collaboration. Open and respectful engagement with council, government agencies, local businesses and community groups is essential to achieving meaningful outcomes. Decisions should reflect the value and aspirations of our community, balance growth with care, opportunity with sustainability, and progress with respect to our environment. I am committed to serving with integrity, compassion and practical results. I value your trust and the opportunity to continue working for you the people of Exmouth on council if elected.
