---

## FORBES, Scott

A resident of Exmouth for more than 21yrs. Caring for this town, I wish to contribute to the wellbeing and future development of Exmouth. Also, keeping in mind the fragile yet versatile environment we are surrounded by but at the same time growing the town for future generations. Survival is about growth, but we have to do it right.

In 21yrs I have seen a lot of change, mostly in the activities around Ningaloo Reef. We can have these activities, but we need to better build & offer facilities to suit. A future is options of better use of renewable energies and improved infrastructure for the entire community, equaling local jobs.

I wish to ensure and be apart of how the allocated budget and means is spent on what's best for our community. With my skill set, knowledge, vision, forward thinking including 21yrs of community involvement. I'm here for Exmouth.
