MCCARROL, Anne

Since arriving in Exmouth 8 years ago I've had a passion not just for the area we live in, but to see our town thrive and prosper. I'm a great listener, always wanting to be involved in the community and always hungry for information on what's happening and where we're going on our journey. As owner / operator of Cabs on Call I hear lots of feedback on how our community could be improved and new ideas. I like to listen to all information and conduct my own research to ensure I have as much information I can to make an informed decision. Your vote for me will ensure a continued move forward for our much loved town and further establishment of much needed community facilities.
