

STATEMENT OF RATING OBJECTS AND REASONS

FOR THE 2022/23 FINANCIAL YEAR

In accordance with Section 6.36 of the Local Government Act 1995 and the Notice of the Council's intention to Levy Differential Rates for the 2022/23 Financial Year on certain properties within the Shire, the Shire is required to publish its Objects and Reasons for implementing differential rates.

Overall Objective

The overall objective of the proposed rates and charges in the 2022/23 budget is to provide for the net funding requirement of Council's operational and capital activities after taking into account all other forms of revenue.

Property valuations are provided by the Valuer General of WA for two types of values; Gross Rental Value (GRV) which generally applies for urban areas; and Unimproved Value (UV) which generally applies for rural land.

GRV's for all properties are revalued as part of a five year cycle of revaluations, six yearly after the next valuation with the next valuation scheduled for 1 July 2024. For properties on UV, the values are set annually. Interim valuations are issued for properties where changes have occurred such as subdivisions, construction, additions etc.

These valuations are used as the basis for the calculation of rates each year.

Rating Provisions

The Local Government Act 1995 sets out the basis on which differential general rates may be based as follows: Section 6.32 (1) and 6.33 of the Local Government Act 1995 States:

6.32 Rates and service charges

- (1) When adopting the annual budget, a local government —
 - (a) in order to make up the budget deficiency, is to impose* a general rate on rateable land within its district, which rate may be imposed either —
 - (i) uniformly; or
 - (ii) differentially;And
 - (b) may impose* on rateable land within its district —
 - (i) a specified area rate; or
 - (ii) a minimum payment;And
 - (c) may impose* a service charge on land within its district

**Absolute majority required*

6.33. Differential general rates

- (1) A local government may impose differential general rates according to any, or a combination, of the following characteristics —
 - (a) the purpose for which the land is zoned, whether or not under a local planning scheme or improvement scheme in force under the *Planning and Development Act 2005*; or
 - (b) a purpose for which the land is held or used as determined by the local government; or
 - (c) whether or not the land is vacant land; or
 - (d) any other characteristic or combination of characteristics prescribed.
- (2) Regulations may —

- (a) specify the characteristics under subsection (1) which a local government is to use; or
 - (b) limit the characteristics under subsection (1) which a local government is permitted to use.
- (3) In imposing a differential general rate a local government is not to, without the approval of the Minister, impose a differential general rate which is more than twice the lowest differential general rate imposed by it.
- (4) If during a financial year, the characteristics of any land which form the basis for the imposition of a differential general rate have changed, the local government is not to, on account of that change, amend the assessment of rates payable on that land in respect of that financial year but this subsection does not apply in any case where section 6.40(1)(a) applies.
- (5) A differential general rate that a local government purported to impose under this Act before the *Local Government Amendment Act 2009* section 39(1)(a) came into operation¹ is to be taken to have been as valid as if the amendment made by that paragraph had been made before the purported imposition of that rate.

6.35. Minimum payment

- (1) Subject to this section, a local government may impose on any rateable land in its district a minimum payment which is greater than the general rate which would otherwise be payable on that land.
- (2) A minimum payment is to be a general minimum but, subject to subsection (3), a lesser minimum may be imposed in respect of any portion of the district.
- (3) In applying subsection (2) the local government is to ensure the general minimum is imposed on not less than —
- (a) 50% of the total number of separately rated properties in the district; or
 - (b) 50% of the number of properties in each category referred to in subsection (6), on which a minimum payment is imposed.
- (4) A minimum payment is not to be imposed on more than the prescribed percentage of —
- (a) the number of separately rated properties in the district; or
 - (b) the number of properties in each category referred to in subsection (6), unless the general minimum does not exceed the prescribed amount.
- (5) If a local government imposes a differential general rate on any land on the basis that the land is vacant land it may, with the approval of the Minister, impose a minimum payment in a manner that does not comply with subsections (2), (3) and (4) for that land.
- (6) For the purposes of this section a minimum payment is to be applied separately, in accordance with the principles set forth in subsections (2), (3) and (4) in respect of each of the following categories —
- (a) to land rated on gross rental value; and
 - (b) to land rated on unimproved value; and
 - (c) to each differential rating category where a differential general rate is imposed.

2022/23 rates schedule

The Shire of Exmouth proposes to impose differential general rates based on the following categories for 2022/23 financial year:

Rate Category	Rate in Dollar	Minimum Payment
---------------	----------------	-----------------

	\$	\$
GRV General	0.0825	995.00
GRV Marina Developed	0.1113	995.00
GRV Holiday Homes	0.1143	995.00
GRV Vacant Land	0.1649	785.00
UV Mining	0.1756	260.00
UV Rural	0.0878	785.00

The proposed 2022/23 differential rating categories, rate in the dollar amount and minimum payment amount continue to provide fairness and equity by ensuring that all properties pay a consistent minimum payment. These funds continue to deliver our community expectations and needs as outlined in our Strategic Community Plan and Corporate Business Plan.

Marina Specified Area Rate

Included in the 2022/23 Differential Rating proposal is a Specified Area Rate to be applied to properties zoned Marina that have canal frontage in the Exmouth Marina Precinct. As in previous years, these funds are used for environmental monitoring costs, periodic dredging, clearing and maintenance of the canal waterways.

Specified Area Rate	Basis of Valuation	Rate in \$	Minimum Payment
Marina Specified Area	GRV Marina Developed	0.0147	N/A

OBJECTS AND REASONS FOR PROPOSED DIFFERENTIAL AND MINIMUM RATES

Following are the objects and reasons for each of the differential rates for properties zoned and whether the land is vacant in accordance with Shire of Exmouth Town Planning Scheme No.4:

GROSS RENTAL VALUE

GRV General

This rating category consists of properties zoned as:

- Residential
- Urban Development
- Commercial
- Tourism
- Light Industry
- Service Commercial
- General Industry
- Industrial Development
- Rural Residential

The proposed rate in \$ is 0.0825 of GRV Value. Rates provided by this category, including minimum rates at \$995 are approximately 66% of the total rate requirements of Council. Revenue derived from this category assists funding to operate efficiently the service levels expected by the community as outlined in our Strategic Plan and Corporate Business Plan. The rate for this category is to be the base rate by which all other GRV rated properties are assessed. It excludes all vacant land, Holiday Homes and properties developed in the Marina as these categories have a higher demand on Shire resources.

GRV Marina Developed

This rating category consists of developed properties zoned as:

- Marina

The proposed rate in \$ is 0.1113 of GRV Value. Rates provided by this category, including minimum rates at \$995 are approximately 11% of the total rate requirements of Council. The object of the rate for this category is to reflect the additional revenue required to fund the costs associated with the higher level of maintenance provided to these properties including maintaining the seawall to the north of the marina, maintain public jetties, canal footbridge, beach stabilisation, landscaping, road sweeping, and maintenance of street furniture, canal drainage and footbridge lighting. Also responsible for boat ramps and associated with cost within the area and maintenance of water way adjoining public open space.

GRV Holiday Homes

This rating category consists of residential properties that have received Town Planning approval to operate as short term holiday accommodation.

The proposed rate in \$ is 0.1143 of GRV Value. Rates provided by this category, including minimum rates at \$995 are approximately 7% of the total rate requirements of Council. This category is rated higher than the GRV General Rate to assist with contribution to tourism, marketing and related projects throughout the district. Additionally, it includes the development of tourist related services and infrastructure.

GRV Vacant Land

This rating category consists of all vacant land within Town site boundaries.

The proposed rate in \$ is 0.1649 of GRV Value. Rates provided by this category, including minimum rates at \$785 are approximately 13% of the total rate requirements of Council. The object of the rate for this category is to reflect the additional revenue required to fund the costs associated with the higher level of service provided to properties in this category, including but not limited to firebreaks maintenance, upgrade and renewal of the street network, roadside sweeping, CBD car parking, landscaping, dust control management, drainage, footbridge lighting, street furniture and other amenities.

UV Mining

This rating category consists of properties used for mining, exploration or prospecting purposes.

The proposed rate in \$ is 0.1756 of UV Value. Rates provided by this category, including minimum rates at \$260 are approximately 2% of the total rate requirements of Council. The object of the rate for this category is to raise revenue to fund additional costs to Council including, but not limited to frequent heavy vehicle use over extensive lengths of Shire roads throughout the year.

UV Rural

This rating category consists of properties zoned Rural.

The proposed rate in \$ is 0.0878 of UV Value. Rates provided by this category, including minimum rates at \$785 are approximately 1% of the total rate requirements of Council. This rate is required to meet our community expectations and needs in our Strategic Community and Corporate Business Plans. The object of the rate for this category is to be the base rate by which all other UV rated properties are assessed. The reason is these properties are large extensive parcels of land with little commercial activity.

SPECIFIED AREA RATE

GRV Specified Area Rate

This Specified Area Rate applies to properties zoned Marina that have canal frontage in the Exmouth Marina Precinct.

The proposed rate in \$ is 0.0147 of GRV Value. Specified Rates provided by this category. The proceeds of these funds are applied in full on environmental monitoring and maintenance of the canal waterway, dredging and entrance channel navigation including both onshore & offshore, cost of clearing the sand traps, maintaining the main breakwaters including all breakwaters and groynes surrounding and protecting the outer harbour and other preservation works in accordance with the Exmouth Marina Village Agreement between the Minister for Transport, Landcorp & Shire of Exmouth.

SUBMISSIONS

All submissions are required to be made in writing to the Chief Executive Officer with respect to the proposed differential general rates, minimum payments and specified area rate within 21 days of the date of the notice of intent. Submissions must be received by the Shire of Exmouth no later than 4pm Wednesday 25 May 2022.

Submissions may be:

- Mailed to PO Box 21, Exmouth WA 6707
- By email to: info@exmouth.wa.gov.au
