### **1. DECLARATION OF OPENING/ANNOUNCEMENT OF VISITORS**

The Commissioner declared the meeting open at 4.30 pm.

The Commissioner extended an apology as one of the members of the gallery was given the incorrect commencement time for this Ordinary Council meeting.

He acknowledged the aboriginal people both past and present, as the traditional custodians of the land of which we meet.

The Commissioner advised the gallery this week is NAIDOC week and the theme of this week is 'Our Languages Matter'. A flag raising ceremony was conducted at the cenotaph at 8.30 am.

He advised the gallery the meeting will be recorded for the purpose of taking the minutes only; and the tape will be erased once they are confirmed.

Nil

## 4. PUBLIC QUESTIONS TIME

In accordance with section 5.24 of the *Local Government Act 1995*, a 15 minute public question time is made available to allow members of the public the opportunity of questioning Council on matters concerning them.

Council Consideration Towards Public

When public questions necessitate resolutions of Council, out of courtesy and at the President discretion the matter is to be dealt with immediately to allow the public to observe the determination of the matter (obviates the need for the public to wait an undetermined period of time).

When a matter is listed on the Agenda and member/s of the public are in attendance to observe the determination of the matter, out of courtesy and at the discretion of the President the matter is to be brought forward on the agenda and dealt with immediately to allow the public to observe the determination of the matter (again this obviates the need for the public to wait an indeterminate period of time).

In accordance with section 11 of the *Local Government (Administration) Regulations 1996*:

### **11 . Minutes, content of (Act s. 5.25(1)(f))**

***The content of minutes of a meeting of a council or a committee is to include —***

- (e) a summary of each question raised by members of the public at the meeting and a summary of the response to the question;***

Questions received by Ty Matek

*Would the Exmouth Shire be able to give their opinion on constructing a concrete, dual use footpath/cycle way, connecting the town to the "Town Beach" along the northern side of Madaffari Drive - Warne Street from Murat Road?*

The Executive Manager Engineering Services agreed there is a need for a footpath/cycle way and it will be added to the footpath list for future consideration. In the interim a clear path for access to Town Beach along the dune side of bollards will be made to make it safe for pedestrians access Town Beach.

*Would the Exmouth Shire be able to provide some maintenance to the gravel walking track behind the dunes from Town Beach, north to the Golf Club?*

The Executive Manager Engineering Services advised that work will be done on that track this month. The Shire has developed the Trails Master Plan and advised Mr Matek further information can be made available to him.

Questions received by Suzanne McHutchison

*The cost to the Shire for consultants following the CCC investigations has been considerable. Where can we as ratepayers view the findings of **ALL** these reports?*

The Commissioner advised they costs haven't been considerable in comparison to the cost to this Shire with respect to the CCC investigation.

The Shire has endured \$309K of expenditure as a result of the CCC investigation.

The consultancy so far:

- Review of the airport operations and finances.
- Review the Exmouth Visitors Centre; the Shire provides \$300K to the Exmouth Visitors Centre each year.
- Consultant Mr Ron Back worked on the Integrated Strategic Plan which is required to be completed under the Local Government Act, and this work would have had to be completed whether the CCC investigation occurred or not.

The Commissioner asked for clarification on the other reports Mrs McHutchison was referring to.

Mrs McHutchison questioned if a report was completed in relation to the Shire moving into the Ningaloo Centre. The Commissioner advised this was done some time ago prior his appointment.

A valuation report was conducted on the occupancy of the Ningaloo Centre. This identified that a \$40K rent subsidy was offered to TAFE and University of WA, Oceans Institute where being subsidised \$30K per annum. After discussion with University of WA, Oceans Institute

they are now paying fair market rental plus outgoings. Saving of in excess \$30K per annum to the Shire.

The Commissioner agreed to provide a copy of this valuation report to Mrs McHutchison, which was completed by an independent sworn valuer.

*What is the cost to the ratepayer and the shire to move the shire into the Ningaloo Centre and what benefit to town is that going to provide?*

The Commissioner advised this question will be taken on notice.

*At the May 2017 Council Meeting when you resolved that the \$300,000 Royalties for Regions Grant for the "Exmouth Marine Infrastructure Project" (the Floating Deck option) be redirected towards the "Exmouth Marine Infrastructure Project Multipurpose Deepwater Wharf in Exmouth Gulf Project", by way of seeking permission to do so from the Hon. Alannah MacTiernan, Minister for Regional Development, Agriculture and Food; Minister assisting the Minister for State Development, Jobs and Trade, what was the outcome of this and does the Shire still have this \$300,000?*

*and*

*Are you or the CEO participating in any ongoing talks with government Ministers regarding finding a solution to the problems facing WA regarding safe berthing of cruise ships as this greatly affects Exmouth's economy as it loses about \$350,000 every time passengers cannot disembark? Because of the lack of proper facilities, Exmouth has lost the P & O ships coming here and there will only be 4 next year. Exmouth is the preferred destination of all the ports along the coast, why are we not making this a sustainable option for our community to flourish? Bearing in mind the Deep Water Wharf will take from 5-7 years to fund and build (if funding is found), what is the latest information and how soon will a solution be found for Exmouth?*

The Commissioner advised the Shire did not receive the \$300K; this was election promise made by the National Party to conduct a feasibility study into a floating pontoon. It was never given to the Shire.

The Commissioner met with Director General Department of Transport (DoT) Mr Richard Sellers. He advised DoT recommended there be a feasibility study which will be paid by the DoT, however he stressed it is not an option they prefer as they do not see the merit in it; they prefer a deep water port option.

The Commissioner advised further discussions will be had with DoT and other relevant Ministers in the State Government about the Deepwater Port option. The Commissioner advised he will take this up with the Federal Government and Department of Defence.

The floating deck is a short term option and estimated to cost \$30 million.

He advised the Shire will do all they can to get a deep water port in Exmouth, however stressed there is no funding available at this time.

*I understand why the former CEO's vehicle was disposed of, but why have two new 4 x 4 vehicles (the new CEO's and the Executive Manager Engineering Services), been purchased when there were a number of near new vehicles from former Executive Managers already available to be used and what has been this overall cost to the Shire of Exmouth.*

The employment contracts of the CEO and other Executive Managers include a motor vehicle. New CEO has a new vehicle which he is entitled to and the Executive Manager Engineering Services has a Prado. The remaining Colorado's from former Executive Managers are being disposed of.

*Has there been advice sought for not filling the Aquarium (a \$1,000,000 asset) with water, and if so, what was the outcome and if not, are you going to?*

The Commissioner advised there has been advice sought around filling the aquarium; and it is not going to be filled with water. The advice indicates it meets the technical requirements of the specifications. However as Commissioner, and with the support of Minister MacTiernan the aquarium will not be filled with water as the risks are too great at this point.

He advised it was estimated to cost approximately \$300K per annum to staff and maintain the aquarium.

*What are your plans for the building at 12 Learmonth Street? This building along with the Playgroup building in Maidstone Crescent, were purchased for \$75,000 each from the money raised from the sale of the American houses under an agreement between the Australian and US Governments in 1992 and are to be used for Educational Purposes and until recent zoning changes were zoned Public Purpose. 12 Learmonth St is presently used for educating people in all kinds of art forms through workshops, performances, music concerts and has a small gallery. It caters for all ages and is occupied by the Exmouth Cultural Arts Centre Inc for this purpose. Exmouth Cultural Arts Centre Inc needs the assurance of tenancy permanency for their funding partners (Country Arts WA and Woodside). Other tenants of 12 Learmonth St include the Lioness Club of Exmouth and the Shire's agency for Centrelink.*

The Commissioner advised that Chief Executive Officer is responsible for these issues and once the new Executive Manager, Commercial and Community commences these issues will be addressed.

## **5. DECLARATIONS OF INTEREST**

## **6. APPLICATIONS FOR LEAVE OF ABSENCE**

The *Local Government Act 1995* (Section 2.25) provides that a Council may, by resolution, grant leave of absence to a member for Ordinary Council Meetings. A member who is absent, without first obtaining leave of the Council, throughout three consecutive Ordinary meetings of the Council is disqualified from continuing his or her membership of the Council.

Disqualification from membership of the Council for failure to attend Ordinary Meetings of the Council will be avoided so long as the Council grants leave prior to the member being absent. The leave cannot be granted retrospectively. An apology for non attendance at a meeting is not an application for leave of absence.

The Commissioner has advised he will be on leave from the 6 until 24 July 2017 inclusive. Correspondence tabled.

#### **PURPOSE**

That Council change the published dates for the August and October ordinary Council meetings as follows:

- August ordinary meeting from Tuesday 1 August 2017 to Tuesday 22 August 2017; and
- October ordinary meeting from Tuesday 3 October 2017 to Tuesday 10 October 2017.

The meetings will be held at the usual place and commencement time.

#### **BACKGROUND**

The purpose of the change of date for the August ordinary Council meeting is to allow sufficient time to develop the 17/18 Annual Budget prior, and to accommodate annual leave that was previously confirmed with the Chief Executive Officer prior to him accepting the role.

The October ordinary Council requires a date change as the Commissioner will be absent from Exmouth for the original date scheduled being the 3 October 2017.

In accordance with the *Local Government Act 1995* Section 2.8 (1) (2)

- 1) *The function of a commissioner of a local government is to exercise the powers and discharge the duties of the council of the local government and its mayor or president.*
- 2) *A commissioner is to be regarded as being the council.*

Should an Absolute Majority decision be required, it is recommended that the ordinary meeting date be changed from Tuesday 3 October 2017 to Tuesday 10 October 2017.

### 12.1 FINANCIAL STATEMENT FOR PERIOD ENDING 31 MAY 2017

File Reference:	FM.FL.0
Responsible Officer:	Executive Manager Corporate Services
Date of Report:	20 June 2017
Applicant/Proponent:	Nil
Disclosure of Interest:	Nil
Attachment(s):	1. Financial Report as at 31 May 2017

#### PURPOSE

That Council accept the financial report for the financial period ending 31 May 2017.

#### BACKGROUND

The provisions of the *Local Government Act 1995* and associated Regulations require a monthly financial report is presented at an ordinary meeting within 2 months of the period end date. The financial report for the period ended 31 May 2017 has been prepared and a copy of the Report is attached.

To stay up to date with current financial reporting trends, the appearance of the financial report has altered to include more information, presented in an easier format to review our performance on a monthly basis. Our model has been based on a workshop attended in May 2017 by Executive Manager Corporate Services, which was hosted by Moore Stephens, Council's Auditors.

The following table displays the Council's year to date position to 31 May 2017 including the projected closing position for 2016/17 financial year. The 2016/17 Budget estimated to deliver a budget with a small surplus of \$1,515, and based on current projections, the forecast closing position to 30 June 2017 is estimated to increase the surplus to \$27,050.

Monitoring of the financial statements will occur until the end of the financial year and the forecast result may change as future expenditure and revenue expectations are refined and additional information is received.

## COMMENT

### Statement of Financial Position

Total Current Assets decreased by 11% from April to May 2017, which is attributed to a decrease in Unrestricted Cash at Bank of (17%). Current Liabilities have decreased by (4%) from April to May due to the timing of Creditors invoices being entered. Non-Current Assets have only increased slightly, just 0.2% and is due to the construction of the Ningaloo Centre nearing completion. Non-Current Liabilities remain unchanged from April 2017.

	31/05/2017	30/04/2017	% Change

**CARRIED 1/0**

**COMMENT**

To complete the withdrawal from the Country Local Government Fund 2012-2013 Regional Group Project Waste and Recycling Infrastructure, there needs to be a rescinding of the aforementioned rate.

The withdrawal from the above rate is not a withdrawal from the consideration of any future recycling projects, the Shire of Exmouth recognises the importance of recycling and wants to continue in this direction. The Shire will review all waste management practices over the next 12 months, the endorsement of costs for future projects will be requested by Council as they are developed.

### PURPOSE

This report recommends the Exmouth Amateur Swimming Club receive exclusive use of the Paltridge Memorial Swimming Pool and fee waiver for associated charges and equipment, for the 2017 Hancock Family Medical Foundation Pilbara Championships, 24 to 26 November 2017.

### BACKGROUND

The Exmouth Amateur Swimming Club (Club) has requested permission of the Council to host the 2017 Hancock Family Medical Foundation Pilbara Championships on the 24 to 26 November 2017 at the Paltridge Memorial Swimming Pool.

This event has previously been held in Exmouth in 2011 and 2013, both times exclusive use and fee waivers were granted as per Council decisions below:

#### **COUNCIL DECISION - 1994 – 10.4.2**

**Moved Councillor Stewart, seconded Councillor Shales**

**That the Council of the Shire of Exmouth grants the Exmouth Amateur Swimming Club:-**

- 1. Exclusive use of the Paltridge Memorial Swimming Pool on the 26th & the 27th of November 2011 from 6am to 6pm for the Hancock Family Medical Foundation- Pilbara Championships; and**
- 2. A full fee waiver for private hire of the facility and the hourly hire for a lifeguard.**

**Further to the above, the Exmouth Amateur Swimming Club Inc. is advised that the granting of the above is subject to the Shire of Exmouth being acknowledged as a sponsor for the event. CARRIED BY ABSOLUTE MAJORITY 5/0**

#### **COUNCIL DECISION – 11-0513 – 10.5.2**

**Moved Councillor Winzer, Seconded Councillor Thompson.**

**That the Council of the Shire of Exmouth grants the Exmouth Amateur Swimming Club:-**

- 1. Exclusive use of the Paltridge Memorial Swimming Pool from 3.00pm on Friday 22 November to 6.00pm on Sunday 24 November 2013 for the Hancock Family Medical Foundation- Pilbara Championships; and**
- 2. A full fee waiver for private hire of the facility and the hourly hire for a lifeguard. Further to the above, the Exmouth Amateur Swimming Club Inc. is advised that the granting of the above is subject to the Shire of Exmouth being acknowledged as a sponsor for the event. CARRIED 4/0**

Unlike previous years the pool is open on a Sunday with the pools normal hours of operation being Monday and Friday 11am to 6pm, Saturday 12pm to 6pm and Sunday 2pm to 6pm.

### COMMENT

This event is an important event on the swimming clubs calendar in the North West and being held at a relatively quiet time year, brings positive benefits to the town with the increase in visitors. Previously these events have been successfully attracting up to 500 people through the swimming pool gates every day.

To host the event this year, the Club will require exclusive use of the public facility from approximately 3pm Friday 24 and 6am to 6pm on Saturday and Sunday. They will also require the use of the mobile ablution block and miscellaneous equipment such as rope, extra bins and star pickets. They will also require the fees waived for the fees and charges associated with liquid waste from the toilets.

In consideration to the positive impact this event is to bring to the local community, it is recommended Council support the request from the Club. In accordance with Council Policy 3.4 – Sponsorships, Donations and Waiver of Fees, any waiver of Councils adopted Fees and Charges for an event is considered a ‘Non-cash Contribution’ to that event. In return Council may request that this financial support be recognised and the Council be acknowledged as a major sponsor of the event.

## 15 TOWN PLANNING SERVICES

### 15.1 HOLIDAY ACCOMODATION LOT 101 (14) TAUTOG ST, EXMOUTH

File Reference:	A796 (PA89/17)
Responsible Officer:	Acting Executive Manager Town Planning
Date of Report:	20 June 2017
Applicant/Proponent:	Garth and Lucy Willcocks
Disclosure of Interest:	Nil
Attachment(s):	<ol style="list-style-type: none"><li>1. Emergency Response Plan/Floor Plan, Management Statement (Tenant Code of Conduct, General Terms and Conditions, Information as Required for Application of Holiday Accommodation)</li><li>2. Parking Assessment</li></ol>

---

#### PURPOSE

That Council consider granting conditional development approval for Holiday Accommodation at Lot 101 (14) Tautog Street, Exmouth (Attachment 1).

#### BACKGROUND

The subject property has an existing dwelling (single house) where the applicant has applied for a change of use to Holiday Accommodation. The property is approximately 932m<sup>2</sup> in area and zoned Residential R17.5 in Town Planning Scheme No. 3. The aerial image below identifies Lot 101 (14) Tautog Street.

Location Plan - Lot 101 (14) Tautog St, Exmouth

## COMMENT

The proposal has been assessed against Town Planning Scheme No. 3 (Scheme), Local Policy 6.12 - Holiday Accommodation (Policy 6.12) and the *Planning and Development (Local Planning Schemes) Regulations 2015*. The Scheme prescribes Holiday Accommodation as an 'SA' land use in the Residential zone meaning the use is not permitted unless Council has granted development approval after consultation with affected neighbours.

### Policy 6.12

The objectives of Policy 6.12 are as follows:

- *Support a diverse accommodation base within the Shire;*
- *Provide an effective management framework and guide for the provision of holiday accommodation (other than within the Tourist zone) within the Shire;*
- *Ensure that a holiday accommodation establishment is maintained to a satisfactory standard and that its use is lawfully conducted;*
- *Ensure that all holiday accommodation accords with Town Planning Scheme No. 3 by undertaking community consultation with adjoining property owners and a formal decision being made by the Council where required;*
- *Ensure that Holiday Accommodation Establishments comply with the Building Code of Australia and Health Act 1911; and*
- *Ensure holiday accommodation does not compromise the amenity of the residential neighbourhood through appropriate planning approval conditions.*

This application generally accords with Policy 6.12, however, there are a number of areas where the application needs to be modified, as discussed below.

### Number of Occupants

The number of allowable occupants is restricted by the ventilation requirements under the Shire of Exmouth Health Local Laws 1998, which defines the following:

- a. *For every person over the age of 10 years, there is to be a minimum of 14 cubic metres of air space per person*
- b. *For every person between the ages of 1 & 10 years, there is to be a minimum of 8 cubic metres of air space per person.*

Officers have calculated the permissible number of occupants per bedroom:

Schedule 1: Allowable Occupants: Lot 101 (14) Tautog Street, Exmouth

Bedroom 1: Total floor space: 14.13m<sup>2</sup>, Approximate Air Space: 35.33m<sup>3</sup>  
Allowable occupants: 2 adults OR 1 adult and 2 children OR 4 children

Bedroom 2: Total floor space: 11.53m<sup>2</sup>, Approximate Air Space: 28.86m<sup>3</sup>  
Allowable occupants: 2 adult OR 1 adult and 1 child OR 3 children

Bedroom 3: Total floor space: 7.75m<sup>2</sup>, Approximate Air Space: 19.38m<sup>3</sup>  
Allowable occupants: 1 adult OR 2 children

\*Note: All persons over the age of 10 years require a minimum of 14 cubic metres of air space per person. Children aged up to 10 years require a minimum of 8 cubic metres of air space each. As such, the term 'adult' has been used for persons over the age of 10 years.

\*\*The air space is calculated with an average ceiling height of 2.5m.

### Occupancy Levels

The Health Local Laws 1998 and Policy 6.12 permit a maximum number of eight (8) overnight occupants within the Dwelling at any one time. In addition, the maximum occupancy for each room is required to be in accordance with Schedule 1 above. A standard condition of approval is recommended to achieve compliance.

#### Number of Vehicles

Policy 6.12 states that car parking shall be calculated on the basis of four persons per vehicle. Therefore, a minimum of two (2) vehicle parking spaces are required for the maximum occupancy of eight (8) people within the Holiday Accommodation. Furthermore, the maximum permissible number of vehicles permitted at the property under Policy 6.12 is three (3) vehicles and two (2) trailers, which include trailers with a boat, being a total of five (5) parking spaces. The Officers assessment concludes that three (3) parking spaces are available within the property boundaries in accordance with the minimum dimensions prescribed by the Scheme (Attachment 2). A standard condition of approval is recommended.

#### Management Statement and Emergency Response Plan

The applicant has submitted a copy of the proposed Management Statement (Tenant Code of Conduct, General terms and Conditions and Supporting Information) and an Emergency Response Plan. The Tenant Code of Conduct outlines a maximum of eight (8) guests with no more than 6 guests over the age of 10, which does not comply with the maximum adult occupancy permitted. It is recommended that the document is amended to reflect the correct maximum adult occupancy. Otherwise the documentation is considered sufficient to achieve the desired management framework and comply with Policy 6.12. A condition is recommended to ensure compliance at all times with the documents.

#### Planning and Development (Local Planning Schemes) Regulations 2015 (Regulations)

Clause 67 of the deemed provisions of the Regulations states the matters to be considered by the local government in considering an application for development approval. Clause 67 (b) states 'any proposed local planning scheme that has been advertised under the *Planning and Development (Local Planning Schemes) Regulations 2015* or any other proposed planning instrument that the local government is seriously considering adopting or approving'. Draft Local Planning Scheme Number 4 has been advertised under the Regulations and the Shire is seriously considering adopting or approving it. Draft Local Planning Scheme Number 4 contains the same provisions as Policy 6.12, which is discussed above.

Having regard to the above, it is recommended that development approval is granted for Holiday Accommodation at Lot 101 (14) Tautog Street, Exmouth subject to conditions which achieve compliance with Councils planning framework.

#### **CONSULTATION**

In accordance with the requirements of the Scheme adjoining impacted neighbours were invited to comment on the proposal from Tuesday 30 May 2017 until Thursday 15 June 2017, for a period of 16 days. A summary is tabled below:

## OFFICER'S RECOMMENDATION

## ITEM 15.1

That Council grants development approval for Holiday Accommodation at Lot 101 (14) Tautog Street, Exmouth subject to the following conditions:

1. The use being carried out in accordance with the stamped approved plans (PA89/17), and the Shire of Exmouth Town Planning Scheme No. 3 and Local Policy No. 6.12 - Holiday Accommodation together with any annotations detailed thereon by the Shire;
2. There shall be a maximum of eight (8) of overnight occupants permitted within the Dwelling at any time, and the maximum number of occupants per bedroom shall be in accordance with Schedule 1 below and the Shire of Exmouth *Health Local Laws 1998*. Schedule 1 shall be displayed in a prominent location in the dwelling at all times:

Schedule 1: Allowable Occupants: Lot 101 (14) Tautog Street, Exmouth

Bedroom 1: Total floor space: 14.13m<sup>2</sup>, Approximate Air Space: 35.33m<sup>3</sup>  
Allowable occupants: 2 adults OR 1 adult and 2 children OR 4 children

Bedroom 2: Total floor space: 11.53m<sup>2</sup>, Approximate Air Space: 28.86m<sup>3</sup>  
Allowable occupants: 2 adult OR 1 adult and 1 child OR 3 children

Bedroom 3: Total floor space: 7.75m<sup>2</sup>, Approximate Air Space: 19.38m<sup>3</sup>  
Allowable occupants: 1 adult OR 2 children

\*Note: All persons over the age of 10 years require a minimum of 14 cubic metres of air space per person. Children aged up to 10 years require a minimum of 8 cubic metres of air space each. As such, the term 'adult' has been used for persons over the age of 10 years.

\*\*The air space is calculated with an average ceiling height of 2.5m.

3. The maximum number permitted for the parking of vehicles is three (3) and for trailers is two (2), which includes trailers with or without a boat, however the total combination of vehicles and/or trailers parked at the property shall not exceed three (3) which shall be contained fully within the property boundaries;
4. The property shall provide at least two (2) 240 litre rubbish bins prior to the use commencing;
5. The Management Statement (Tenant Code of Conduct) and Emergency Response Plan shall be complied with and clearly displayed within the premises at all times, plus:
  - a fire extinguisher, in a clearly visible location (and marked on the emergency response plan), is to be provided and maintained in proper working order;
  - no fires are to be lit outside with the exception of a gas or electric barbeque; and
  - the documents shall be amended to contain the correct permitted number of adult overnight occupants being a maximum of 5;
6. The property shall be managed by a local caretaker/manager living and readily contactable within ten (10) minutes of the property;
7. The property shall not be used for the use hereby granted until an inspection has been carried out by a Shire Officer and that Officer is satisfied that the conditions of this approval hereby granted have been complied with; and
8. This approval is valid until 30 September 2017. Following its expiry an annual permit is required. The Shire will notify owners about the date of expiry and that a new permit is required should the property continue to be used for Holiday Accommodation. Should three (3) or more substantiated complaints be received in regard to the Holiday Accommodation, Council may resolve to refuse renewal.

#### Advice

- i. The approval granted is not to be construed as approval granted under the *Building Act 2011*, *Building Regulations 2012* or any other statutory approval required.
- ii. Complaints received due to the activity resulting in increase in traffic, noise emission, disturbance to or loss of amenity to the area may be considered as a basis for non-renewal in accordance with Council's Policy No. 6.12 - Holiday Accommodation.

- iii. This approval does not permit the road verge or any adjoining/nearby vacant land to be used for the parking of vehicles and trailers. Occupants shall be advised of this prior to booking.
- iv. The noise generated by any activities on-site shall not exceed the levels as set out under the *Environmental Protection (Noise) Regulations 1997*.
- v. In accordance with the Shire of Exmouth Health Local Laws 1998 the number of persons per room shall accord with the following:
  - For every person over the age of 10 years, there is to be a minimum of 14 cubic metres of air space per person; and
  - For every person between the ages of 1 & 10 years, there is to be a minimum of 8 cubic metres of air space per person.
- vi. The *Health (Aquatic Facilities) Regulations 2007* require that a Certificate of Compliance and a Permit to Operate from the Executive Director, Public Health (EDPH) for the 'aquatic facility' be obtained with the Department of Health (WA) being the approving authority, not the Shire of Exmouth.
- vii. The Department of Health have developed a guidance note for pools and spas in holiday homes, which can be accessed at [http://ww2.health.wa.gov.au/Articles/A\\_E/Aquatic-facilities-at-short-stay-accomodations](http://ww2.health.wa.gov.au/Articles/A_E/Aquatic-facilities-at-short-stay-accomodations). Prior to use of the pool or spa a copy of a Permit to Operate or exemption from the Department of Health will need to be provided to the Shire of Exmouth. For further information please contact the Department of Health, Water Unit on 9388 4999.
- viii. Any additional development or substantial variation from the stamped approved plans, will require separate development approval from the Shire.
- ix. This approval is not an authority to ignore any constraint or additional requirement to development on the land, which may exist through contract or on title, such as an easement, encumbrance, restrictive covenant or any other limitation. It is the responsibility of the applicant and not the Shire to investigate any such constraints before commencing development.
- x. If an applicant or owner is aggrieved by this determination there is a right of review by the State Administrative Tribunal in accordance with the *Planning and Development Act 2005* Part 14. An application must be made within 28 days of the determination.

### **PURPOSE**

That Council consider granting conditional development approval for a toilet block addition to an existing approved use not listed (brewery) at Lot 963 (27) Patterson Way, Exmouth (Attachment 1).

### **BACKGROUND**

The subject property has an existing approved use not listed (brewery) granted by Council at its December 2016 ordinary Council meeting, for the production of beer including tastings in an existing shed. The lot is approximately 2353m<sup>2</sup> in area and zoned Light Industrial in Town Planning Scheme No. 3.

The application proposes a toilet block associated with the use not listed (brewery):

- Sited between 2 existing buildings;
- Setback greater than 10m from the front lot boundary and greater than 3m from the side lot boundary;
- Includes 1 disabled toilet and 1 regular toilet;
- Cladded in Colorbond custom orb; and
- Has a maximum wall height of 2.4m and maximum pitched roof height of 2.9m.

The application requires Council determination as officers are not delegated to determine applications relating to uses not listed. The aerial image below identifies Lot 963 (27) Patterson Way, Exmouth.

## COMMENT

The proposal has been assessed against Town Planning Scheme Number 3, State Planning Policy 3.7: Planning in Bushfire Prone Areas, Local Policy 6.2 – Colour Palette for Developments, and the *Planning and Development (Local Planning Schemes) Regulations 2015*.

### Town Planning Scheme Number 3 (Scheme)

The application is within land zoned Light Industrial. The objectives of the Light Industrial zone include:

- a) *to provide for the needs of light and service industries, and showroom uses to support the community;*
- b) *to achieve and maintain a high standard of presentation to Murat Road.*
- c) *to ensure appropriate buffers are provided and maintained between the light industrial uses and adjacent uses, so as to avoid land use conflicts;*

The proposal is considered to generally comply with the objectives of the Light Industrial zone.

Clause 5.7.2 (a) of the Scheme states '*it is the Council's intention the minimum lot size should be 1500 square metres to provide for building envelope, on-site effluent disposal, landscaping, and manoeuvring area for all vehicles to enter and leave the lot in a forward gear.*' The proposed toilet block will be connected to existing on-site septic tanks, ensuring there is on-site effluent disposal and the proposed toilet block allows for all vehicles to enter and exit the lot in a forward gear.

The siting of the proposed toilet block complies with the setback requirements of the Scheme. The proposed toilet block does not reduce the minimum number of required parking bays for the use not listed (brewery) being 5 bays, and does not require the provision of additional bays as it does not increase the net lettable area of the use not listed (brewery).

State Planning Policy 3.7: Planning in Bushfire Prone Areas (SPP 3.7)

This lot is within a designated bushfire prone area as determined by the Department of Fire and Emergency Services. WAPC planning bulletin 111/2016 states that the provisions of SPP 3.7 are to only apply to habitable buildings, strategic planning documents, subdivisions, vulnerable and high risk land uses. The proposed toilet block is not a habitable building or considered a vulnerable land use. Therefore the provisions of SPP 3.7 should not be applied.

Policy 6.2 – Colour Palette for Developments

Policy 6.2 states that the adopted colour palette shall be used as a guide in selecting appropriate external colours. An additional condition has been included to ensure compliance.

Planning and Development (Local Planning Schemes) Regulations 2015 (Regulations)

Clause 67 of the deemed provisions of the Regulations states the matters to be considered by the local government in considering an application for development approval. Clause 67 (b) states '*any proposed local planning scheme that has been advertised under the Planning and Development (Local Planning Schemes) Regulations 2015 or any other proposed planning instrument that the local government is seriously considering adopting or approving*'. Draft Local Planning Scheme Number 4 has been advertised under the Regulations and the Shire is seriously considering adopting or approving it.

Draft Local Planning Scheme Number 4 (Scheme 4) classifies the lot in the 'Service Commercial' zone. The objectives of the Service Commercial zone in Scheme 4 include:

- a) *To accommodate commercial activities which, because of the nature of the business, require good vehicular access and/or large sites.*
- b) *To provide for a range of wholesale sales, showrooms, trade and services which, by reason of their scale, character, operational or land requirements, are not generally appropriate in, or cannot conveniently or economically be accommodated in, the central area, shops and offices or industrial zones.*
- c) *Provide for residential living to enable business owners to live and work on the same premises; and*
- d) *To achieve and maintain a high standard of presentation to all streets.*

The proposal generally complies with the objectives of the Service Commercial zone in Scheme 4.

Scheme 4 identifies the lot within Special Control Area 2 (Exmouth Power Station). The objectives of SCA 2 are:

- a) *To ensure that the use and development of land is compatible with the operation of the Exmouth Power Station.*
- b) *To minimise impacts on residential and other sensitive uses.*

The proposed toilet block addition is considered to be compatible with the operation of the Exmouth Power Station as it is not related to a residential or other sensitive land use.

The proposal complies with all other relevant provisions of Scheme 4.

Having regard to the above, it is recommended that development approval is granted for a toilet block addition to an existing use not listed (brewery) upon Lot 963 (27) Patterson Way, Exmouth subject to conditions which achieve compliance with Councils planning framework.

## CONSULTATION

The application was referred to the Acting Executive Manager Health and Building who provided the following comments: *'The septic system although approved for use has never been used and a plumber will need to sign off that it is still all in working order and an as constructed for the pipework will need to be submitted.'* An additional advice note has been included.

## OFFICER'S RECOMMENDATION

## ITEM 15.2

That Council grants development approval for a toilet block addition to an existing approved use not listed (brewery) at Lot 963 (27) Patterson Way, Exmouth subject to the following conditions:

1. The development being carried out in accordance with the stamped approved plans (PA87/17), and the Shire of Exmouth Town Planning Scheme No. 3 together with any annotations detailed thereon by the Shire;
2. All water draining from roofs and other impermeable surfaces shall be managed on site and/or discharged into the Shire's road drainage system;
3. Exterior cladding, walls and roof shall be of an as new standard to the satisfaction of the Shires Executive Manager Town Planning. Zinalume is not a permitted building material;

4. External colours shall be generally in accordance with Councils adopted Colour Palette for Developments;
5. Excavation or filling shall not be more than 0.5 metres above or below the existing natural ground level;
6. If the development which is the subject of this approval is not substantially commenced within a period of 2 years, the approval will lapse and be of no further effect. Where an approval has lapsed, no development shall be carried out without the further approval of the Shire of Exmouth having first been sought and obtained.

#### Advice

- i. This approval is not an authorisation to commence construction. Prior to any construction, a building permit approval from the Shire must be obtained.
- ii. The approval granted is not to be construed as approval granted under the *Building Act 2011*, *Building Regulations 2012* or any other relevant statutory approval.
- iii. The existing onsite septic system although approved for use has never been used and a plumber will need to sign off that it is still all in working order and an as constructed for the pipework will need to be submitted. For further information please contact the Shires A/Executive Manager Health and Building on 9949 3000.
- iv. The lot is located within a Bushfire Prone Area as designated by an Order made by the Fire and Emergency Services Commissioner and may be subject to the requirement for a Bushfire Attack Level Assessment and corresponding additional building standards.
- v. The Department of Water's Water Quality Protection Note (WQPN), 'Stormwater management at industrial sites' should be referred to for further advice regarding drainage system designs within industrial areas.
- vi. Any additional development or substantial variation from the stamped approved plans, will require separate development approval from the Shire.
- vii. This approval is not an authority to ignore any constraint or additional requirement to development on the land, which may exist through contract or on title, such as an easement, encumbrance, restrictive covenant or any other limitation. It is the responsibility of the applicant and not the Shire to investigate any such constraints before commencing development.
- viii. If an applicant or owner is aggrieved by this determination there is a right of review by the State Administrative Tribunal in accordance with the *Planning and Development Act 2005* Part 14. An application must be made within 28 days of the determination.

### **15.3 PUBLIC UTILITY (SOLAR ARRAY) RESERVE 50807 LOT 1406 WILLERSDORF ROAD, EXMOUTH**

File Reference:	R50807 (PA106/17)
Responsible Officer:	Acting Executive Manager Town Planning
Date of Report:	21 June 2017
Applicant/Proponent:	Horizon Power
Disclosure of Interest:	Nil
Attachment(s):	1. Development Plans

---

#### **PURPOSE**

That Council consider granting conditional development approval for a public utility (solar PV system array) at Reserve 50807 Lot 1406 Willersdorf Road, Exmouth (Attachment 1).

#### **BACKGROUND**

The Regional Power Corporation (Horizon Power) is generally exempt from obtaining development (planning) approval under the provisions of a local planning scheme when carrying out works for the extension, expansion or enhancement of an electricity distribution system or an electricity transmission system under Part 3 Division 1 section 60 of the *Electricity Corporations Act 2005*, and Part 1 Section 6 of the *Planning and Development Act 2005*. However, due to the new technology represented by the proposed development, it does not fit within the definition of the exemption. Horizon Power is therefore submitting a development application for approval to install a solar PV system array at Reserve 50807 Lot 1406 Willersdorf Road, Exmouth.

Reserve 50807 has a management order issued to the Shire with ability to lease for any term not exceeding 21 years subject to consent of the Minister for Lands. Reserve 50807 has a designated purpose under the *Land Administration Act* as Recreation and Research Centre.

The subject lot encompasses the Exmouth Golf Course Clubhouse and associated Caretakers Dwelling, and the applicant wishes to install a solar array to provide power to enable the continued use of the golf club. The lot is approximately 1.4 ha and reserved for Recreation and Open Space in Town Planning Scheme No. 3. The aerial image below identifies Reserve 50807 Lot 1406 Willersdorf Road, Exmouth.

Location Plan – Reserve 50807 Lot 1406 Willersdorf Road, Exmouth

### COMMENT

The proposal has been assessed against Town Planning Scheme Number 3, State Planning Policy 3.7 – Planning in Bushfire Prone Areas, *Planning and Development (Local Planning Schemes) Regulations 2015*, and Policy 6.2 – Colour Palette for Developments.

#### Town Planning Scheme Number 3 (Scheme)

The scheme identifies Reserve 50807 Lot 1406 Willersdorf Road, Exmouth as a local scheme reserve for Recreation and Open Space. Clause 2.2 of the scheme states:

*Where an application for planning approval is made with respect to land within a Reserve, the Council shall have regard to the ultimate purpose intended for the Reserve and the Council shall, in the case of land reserved for the purposes of a public authority, confer with that authority before granting its planning approval.*

The installation of the solar array is considered to be incidental to the ultimate purpose intended for the reserve which is recreation and open space. Installation of the solar array will provide the necessary energy to power the existing buildings on site, which support the recreational use of the Exmouth Golf Course.

There will be no significant visual impacts associated with the construction and use of the solar array. The array promotes the use of renewable energy for community buildings and aligns with the Shire's strategic objectives to progress renewable initiatives. No disruptions are expected to the existing services during the installation and construction phase.

The proposed development is most appropriately classified as public utility which is defined in the scheme as follows:

*'public utility: means any work or undertaking constructed or maintained by a public authority or the Council as may be required to provide water, sewerage, electricity, gas, drainage, communications or other similar services.'*

#### State Planning Policy 3.7: Planning in Bushfire Prone Areas (SPP 3.7)

This lot is within a designated bushfire prone area as determined by the Department of Fire and Emergency Services. SPP 3.7 recommends against approving vulnerable or high-risk land uses within areas of extreme bushfire hazard levels, or where Bushfire Attack Levels of BAL-40 or BAL-FZ (flame zone) apply. The proposed development is not defined as a vulnerable or high-risk land use, therefore it is capable of approval under the policy provisions.

Bushfire protection criteria set out in the guidelines relate to subdivision design for vulnerable and high-risk land uses, such as residential subdivision, and have limited applicability to the proposed development. The solar array is necessary to power the Golf Club, therefore it has been sited and designed for that purpose, considering the physical environment of the site. The application does not propose any intensification of a vulnerable or high risk land use, and appropriately considers bushfire risk.

#### Planning and Development (Local Planning Schemes) Regulations 2015 (Regulations)

Clause 67 of the deemed provisions of the Regulations states the matters to be considered by the local government in considering an application for development approval. Clause 67 (b) states *'any proposed local planning scheme that has been advertised under the Planning and Development (Local Planning Schemes) Regulations 2015 or any other proposed planning instrument that the local government is seriously considering adopting or approving'*. Draft Local Planning Scheme Number 4 has been advertised under the Regulations and the Shire is seriously considering adopting or approving it.

Draft Local Planning Scheme Number 4 (Draft Scheme 4) classifies the lot as a local scheme reserve for public open space. The objectives of the Public Open Space reserve in Draft Scheme 4 include:

- i. To set aside areas for foreshore reserves, particularly those established under the Planning and Development Act 2005 s.152.*
- ii. To protect, conserve and enhance coastal zone values, particularly in areas of landscape, biodiversity and ecosystem integrity, indigenous and cultural significance.*
- iii. To provide for public coastal foreshore reserves and access to them on the coast.*
- iv. To provide for a range of active and passive recreation uses and amenities, such as playgrounds, barbeque/shade/picnic areas, pedestrian access and minor car parks, where appropriate.*
- v. To provide for a range of active and passive recreation uses such as recreation buildings and courts and associated car parking and drainage.*

The installation of the solar array is considered to be consistent with the above objectives as it will provide the necessary energy to power the existing buildings on site, which support the recreational use of the Exmouth Golf Course.

#### Policy 6.2 – Colour Palette for Developments

Policy 6.2 requires all development within the Shire of Exmouth Scheme area, excluding development in the Residential zone to have external colours in accordance with the adopted colour

palette. It is not considered appropriate to require external colours of the proposed solar array to be in accordance with the adopted colour palette as solar panels are generally dark in colour to absorb the greatest amount of sunlight, and the proposed development is located almost entirely behind existing building on the site having minimal visual impact from Willersdorf road. Therefore the development should not be required to have external colours in accordance with the Shires adopted colour palette.

Having regard to the above, it is recommended that development approval is granted for a public utility (solar array) at Reserve 50807 Lot 1406 Willersdorf Road, Exmouth subject to conditions.

## CONSULTATION

The application was referred to the Exmouth Golf Club Inc. who advised *'The Club is fully supportive of this application. For your information the Golf Club has been in discussions with Horizon Power to place a Stand Alone Power Supply at the Club and at a committee meeting held 7<sup>th</sup> November 2016 the Club resolved to support the installation of the System, which includes the solar panel array.'*
