4. PUBLIC QUESTIONS TIME

Questions received from Ty Matek

1. "On the 21st of July 2021, then Shire President, Matthew Niikkula in his 'July Update from The President's Desk' stated "Officers have been successful in receiving disaster assistance to recover from the damage caused by the severe torrential rain and associated flooding in the Shire of Exmouth between 9-10 June 2021. Assistance provided will be used to rebuild essential public assets, such as roads and floodways."
 - a. *Can the Shire of Exmouth please advise how much or what disaster assistance/funding was successfully received?*
 - b. *When will the Shire repair the flood damaged footpath/floodway crossing on Murat Road between Maley Street and Welch Street?*
 - c. *Also the flood damaged the footpath on the corner of Thew Street and Kennedy Street?*
 - d. *When will the Shire repair the damage on Murat Road (Done in the same flood 9th & 10th June 2021) between Mortiss Street and Preston Street?*

"It seems that since all the danger bunting has perished and the witch's hats have been thrown into bushes, run over, or taken, the flood damage to the Shire paths, floodway and roadseems to have been forgotten but the dangers still remain".

- e. *How is it that 10 months later and after receiving disaster assistance, we cannot get the said damaged footpaths or the main road repaired?*

Shire response to questions 1a – 1e

The Disaster Recovery Funding Arrangements process is taking a longer time than expected to be finalised. The Shire has been working with DFES since the June 2021 rain event and is nearing the end of the process.

On 15 March, 2022 DFES notified the Shire its scope of works for storm damage repairs had been approved. The Shire is now progressing to the next stage of the process which is compiling tenders, so they can be advertised. Once tender submissions are received they will be evaluated and then forwarded to DFES for their review and approval. Once DFES approval is received the Shire can then engage the contractor.

Until the procurement process is complete and DFES approval is received a precise funding amount is unavailable.

Repair work will be able to commence after DFES approval is received and depending on contractor availability. This may take another 3 - 4 months.

In the meantime, the Shire will continue to carry out temporary repairs to keep the damaged infrastructure safe and serviceable.

2. Has there been any progress with the approval of a footpath being constructed alongside Warne Street to properly connect Town with "Town Beach"?

Again, with another "busy season" upon us, there have been numerous near misses with Warne Street vehicular traffic and pedestrians/cyclists (Particularly young children) along this heavily used section of road.

Shire response

The contract for the construction of the Warne St footpath has recently been awarded. Shire staff is finalising the earliest possible commencement date with the contractor.

3. Can the Shire of Exmouth please look into and advise of aligning and constructing a proper "Pedestrian Island Refuge" on Murat Road at the Madaffari Drive intersection?

"These pedestrian island refuges have already been constructed at other main Murat Road, cross-over points. These being near the intersection of Maidstone Crescent and also Nimitz Street. They provide a safe place for pedestrians and cyclists to stop in the middle of the road and wait for traffic.

Crossing Murat Road at this intersection is a challenge at the best of times to negotiate, as it has two lanes of traffic, plus a turning lane. It is always fraught with danger as there is constantly speeding traffic not slowing down as they come into town, cars, many with boat trailers not stopping (or slowing) as they turn off Madaffari Drive onto Murat Road.

There has been a recent accident there, where the light pole was hit by a four-wheel drive, and significant gouge marks left in the bitumen where pedestrians/cyclists are trying to cross.

This extremely unsafe cross-over point is a well-used section of the cycleway/footpath system, that connects the Town to the beach and Marina Precinct. Please can something be done to make it safer?"

Shire response

A pedestrian island refuge needs to meet MRD's design specifications. Shire staff will investigate these requirements and determine whether a refuge is required and if so how it can be accommodated to improve the safety of pedestrians at the intersection.

4. Has the Shire of Exmouth made any application to the Local, State, or Federal Government, Black Spot Program for the dangerous intersection at our Learmonth/Exmouth Airport?

If so, can we please have an update on the progress of the application?

Can the Shire of Exmouth please be made aware that there have been more near misses/crashes at this intersection since my previous request that something needs to be done to mitigate a tragedy or further accidents.?

Shire response

The Shire has advocated for this intersection to be upgraded as part of the Total Solar Eclipse event. The State Government has allocated money to undertake intersection upgrades and the Shire is waiting for confirmation that the airport intersection has been included.

Question received from Brooke Pyke

Is anything being done about the lack of long term housing for workers? Especially with the Eclipse in 2023?

Shire response

The Shire is part of a working group with Tourism WA (TWA) that has been reviewing the likely impact of increased visitor numbers wishing to view the event from Exmouth. Temporary worker accommodation is one of several key areas the working group is planning for and various options are being considered.

Over the past 18 months, the Shire has reviewed its available options to help alleviate the temporary worker accommodation pressure by way of lobbying the State government and also instigating changes to its Local Planning Scheme to provide the opportunity for worker accommodation in the town's service commercial area. Other initiatives include a policy for the temporary use of caravans for accommodation and the advocacy and promotion of ancillary dwellings on residential properties, which has resulted in several new ancillary dwellings being built.

The Shire is also working with the Department of Planning Lands and Heritage to facilitate its Expression of Interest process enabling a potential temporary worker accommodation development within the town.

9. ANNOUNCEMENTS BY THE PRESIDING PERSON WITHOUT DISCUSSION

The Shire President read the following to the gallery:

“Before we begin today.

I would like to confirm that Anne McCarrol, has resigned her position as Councillor, effective immediately. Anne has always been a great advocate for the environment, our town and community. Always willing to put up her hand to help out at events, support workshops or to contribute to working bees. For many years Anne, has been active in community groups and organisations, giving her time willingly. A great supporter of community events, Anne’s positive vibes and contribution to council will be missed. On behalf of CEO Ben Lewis, Exmouth Shire staff and fellow Councillors we wish her well for the future.

Moving forward.

All of us here today, recognise Ningaloo Reef, Exmouth as one of Western Australia's premium tourist destinations and as we are already aware Exmouth was named Western Australia's Top Tourism Town in 2019 & 2020 and was awarded the Bronze category in 2021.

The campaign in 2019 added to our incredible journey as a tourism destination. As our latest video for the GWN7 Top Tourism Town in 2022 is aired. I ask that we take a little time to reflect on how far we have come, what has been achieved and of course think about where we can go from here.

Let’s us plan for amazing things in the future.

This concept is a clear reminder of how lucky we are to have all of these amazing things in our own backyard.

All of us here today are so fortunate to call this our home. Pristine beaches, coral reefs, abundant fish life and of course the amazing Cape Range National Park. We are truly blessed.

I ask that you take these next few minutes to watch and reflect, not as part of our community, but as a young child, an adventurous adult, or a family that has never been to Exmouth-Ningaloo.

Use your own imagination to suspend your memories and rediscover the amazing things we have on offer.

Video link: <https://www.youtube.com/watch?v=cPTC8AmznA0>

Let our great state, our country and the world see us clearly and be reminded we are here and waiting for them to visit.

It is expected that finalists will be announced on Monday 2nd May, with public voting commencing on the 3rd May.

Best of luck, Exmouth'

12.1.1 ELECTED MEMBER RESIGNATION

Reporting Officer:	Chief Executive Officer
Responsible Officer:	As above
Date of Report:	12 April 2022
Applicant/Proponent:	Nil
Disclosure of Interest:	Nil
Attachment(s):	Nil

PURPOSE

1. That Council considers the two options presented in relation to the vacant office created.

BACKGROUND

2. In accordance with section 2.31 of the *Local Government Act 1995*, the Chief Executive Officer received written notice of resignation from Councillor Anne McCarrol, taking immediate effect.

COMMENT

3. Below are two options for Council's consideration:
 - Extraordinary Election under section 2.32 of the *Local Government Act 1995*; or
 - Apply to the Electoral Commissioner under section 4.17(3) of the *Local Government Act 1995* to keep the vacant office unfilled until the next ordinary election of Council (21 October 2023).

Extraordinary Election

4. The minimum number of days required in the lead up to an extraordinary election is 80, making Friday 22 July the earliest date possible, as advised by the Western Australian Electoral Commission (WAEC).
5. The WAEC has advised the estimated cost to conduct the extraordinary election would be \$19,000.

Unfilled Vacancy

6. Under section 4.17(3) of the *Local Government Act 1995*, the Council may, with the approval of the Electoral Commissioner, allow the vacancy to remain unfilled until the next ordinary election of Council providing section 4.17(4A)(b) is complied with. Clause 4A(b) requires that at least 80% of the number of offices of the Council remain filled.
7. Following the resignation of Councillor McCarrol, Council has 5 of 6 offices filled providing coverage of 83.33%.

12.2.1 PROPOSED SCHEME AMENDMENT NO.3 TO LOCAL PLANNING SCHEME NO.4 ADOPTION FOR ADVERTISING SUBJECT TO MODIFICATIONS

File Reference:	LP.PL.4.3
Reporting Officer:	Senior Planning Officer & Strategic Planning Officer
Responsible Officer:	Executive Manager – Development Services
Date of Report:	23 March 2022
Applicant/Proponent:	P Cunningham – Rowe Group
Disclosure of Interest:	Nil
Attachment(s):	1. Scheme Amendment Report 2. Indicative Concept Plan 3. Land use terms used LPS 4 4. Schedule of Modifications

PURPOSE

1. The purpose of this report is:
 - To formally re-present to Council the draft Scheme Amendment 3 proposal;
 - For Council to determine whether or not it supports adopting Scheme Amendment 3 with modifications as recommended by Shire Officers (refer Attachment 4)

BACKGROUND

2. Council is in receipt of a scheme amendment request (SAR) to Local Planning Scheme No.4 (LPS 4) over the following four (4) land parcels, hereafter referred to as the 'subject site':
 - Lot 1 on Deposited Plan 47770 Kailis Road, Learmonth;
 - Lot 101 on Deposited Plan 180602;
 - Lot 112 on Deposited Plan 182633, Minilya-Exmouth Road, Learmonth; and
 - Lot 220 on Deposited Plan 192031.
3. At its Ordinary Council Meeting on 23 September 2021, Council considered the Proposal and provided the Proponent with support subject to a series of modifications to the SAR. Further discussion has ensued, in consultation with the Proponent and Officers from the Department Planning Lands and Heritage (DPLH) and as a result a consensus on an alternative approach to proceed is now reflected in the Officer Recommendation of this Report.
4. MG Kailis Group (MGK) are generally the landowner (albeit noted as separate entities on title) and leaseholder of the subject site.
5. The SAR seeks to rezone the subject site from 'General Industry' to a 'Special Use' zone (SU10) and assign a series of permissible land uses and development conditions (in Schedule 4 – Special Use Zones) to the subject site.

6. The subject site has a total area of approximately 27.84 hectares and is located approximately 20km south of the Exmouth Town Centre and 13km north of the Learmonth Airport. The subject site is located east of Minilya-Exmouth Road at the intersection of Charles Knife Road. Exmouth Gulf is located directly east of the subject site.
7. The land directly to the north and on the opposite side of Minilya-Exmouth Road is zoned 'Rural'. Further to the north and directly to the south and east of the subject site is land reserved for 'Foreshore' under LPS 4.
8. The subject land is generally flat and predominantly cleared, and contains a number of buildings and structures associated with the former Kailis Prawn Processing Facility.
9. The figure below shows the zoning of the subject site and location of Special Control Area 6 – Minilya-Exmouth Road (SCA 6).

10. Prior to the gazettal of LPS 4, the Shire of Exmouth previous Town Planning Scheme No.3 (TPS 3) was in operation. Under TPS 3, the subject site was zoned 'Industrial' and identified as a 'Strategic Industrial Area'.
11. It is understood that MGK have been in possession of the subject site since the 1970s (except for leasehold lot 112, which was secured in the early 1980s). The SAR provides a summary of the historical uses and background of each of the lots.
12. MGK's intention for the subject site is to create a unique "fishing village" tourist facility. An indicative Tourism Concept Plan has been provided (refer Attachment 2).

13. The SAR seeks to apply the below permissible uses to the subject site (refer Attachment 3 for the land use definitions in LPS 4):

Tourism Uses – ‘Camping Ground’, ‘Caravan Park’, ‘Holiday Accommodation’, ‘Nature Based Park’, ‘Motel’, ‘Serviced Apartment’, ‘Tourist Development’, ‘Bed and Breakfast’ and ‘Holiday House’.

Residential Uses – ‘Caretaker’s Dwelling’, ‘Grouped Dwelling’, ‘Multiple Dwelling’, ‘Repurposed Dwelling’, ‘Residential Building’ and ‘Second-hand Dwelling’.

Commercial Uses – ‘Restaurant/Café’, ‘Tavern’, ‘Small Bar’, ‘Convenience Store’, ‘Fast Food Outlet’, ‘Shop’ and ‘Lunch Bar’.

Industrial Uses – ‘Warehouse/Storage’, ‘Marine Filling Station’, ‘Service Station’ and ‘Industry – Primary Production’.

Other – ‘Cinema/Theatre’, ‘Club Premises’, ‘Exhibition Centre’, ‘Car Park’, ‘Reception Centre’ and ‘Recreation – Private’.

COMMENT

14. LPS 4 was gazetted on 12 March 2019 and consists of the Scheme Text and the Scheme Maps. The Scheme divides the Local Government district into zones to identify areas for particular uses and identifies land reserved for public purposes. Most importantly, the Scheme controls the types of uses and development allowed in different zones.
15. The *Planning and Development Act 2005* (Act) and *Planning and Development (Local Planning Schemes) Regulations 2015* (Regulations) set out the statutory process for adopting and amending a local planning scheme.
16. In addition, the resolution must specify whether the amendment is a complex, standard or basic amendment as defined by the Regulations, including reasons for the specification. The different amendment types incur different statutory timeframes for the relevant processes to occur. The proposed amendment is considered a ‘complex amendment’.
17. Overall, tourism (caravan and tent sites, glamping, cabins and uses as indicated on the Indicative Concept Plan) and other incidental uses are considered appropriate on site. Further planning studies will be progressed in the event that the scheme amendment is successful as now indicated by the requirement for a precinct structure plan to be prepared prior to development at the site.
18. The Shire officers recommend support of the SAR for the tourism (refer to preceding paragraph) and incidental uses, subject to modifications as required and reflected in the Officer recommendation.
19. Once the modifications are suitably addressed, the Shire, subject to Council endorsement can refer the SAR to the Western Australian Planning Commission (WAPC) to consider the SAR suitable to advertise as a complex scheme amendment proposal.
20. It is important to note that other issues or items may be raised by agencies, stakeholders

and the community through the process that need to be suitably addressed by the proponent to the satisfaction of Shire, the EPA, the Western Australian Planning Commission (WAPC), other State Government agencies and ultimately the Minister for Planning.

Environmental considerations

21. An Environmental Assessment Report has been submitted with the SAR (refer Attachment 1). The report outlines the environmental features of the subject site, potential environmental impacts considering the design and management actions to address these impacts. The report concludes that, subject to further investigations being undertaken for future planning and development application (DA) stages, development of the site as proposed, would be unlikely to result in any unacceptable environmental outcomes.
22. The Environmental Protection Authority (EPA) has recently completed its cumulative impact study into the current and proposed pressures on the Exmouth Gulf and delivered its advice to the Hon. Minister for Environment. Should the SAR be adopted by Council, the local government must refer the SAR to the EPA to determine if it should be assessed.

Coastal considerations

23. A Coastal Hazard Risk Management Adaption Report (CHRMAR) is included with the SAR (refer Attachment 1). The CHRMAR concludes:

The completion of the coastal hazard risk assessment for this site has shown that there is a risk of coastal hazards adversely impacting the site, however over the 50-year planning horizon to 2071 the risk is deemed to be at a tolerable level. Despite the level of risk being tolerable, the 'as low as reasonably practical' (ALARP) approach has been adopted for the development and additional risk mitigation strategies have been proposed.

This includes both a built form response for newly constructed assets as well as an overall management approach. Beyond the initial planning horizons, a risk mitigation strategy of planned or managed retreat informed by coastline monitoring and revised coastal hazard assessments will be implemented. Finally, this plan was developed on the basis that the risk to public safety as a result of cyclone inundation is already managed within the Kailis Properties and by DFES. It is recommended that Kailis review its existing evacuation and cyclone event management plan for appropriateness for the development.

Provisions have been included in the required modifications that refer specifically to the requirements for development in the Report.

Traffic and transport considerations

24. Vehicular access between the site and Minilya-Exmouth Road will ultimately need to meet the requirements of Main Roads WA.
25. A Transport Impact Statement (TIS) has been prepared (refer Attachment 1) to demonstrate the capability of the site for the development, and its impact on the surrounding road network. Overall, the TIS concludes that no significant adverse impact on the capacity or safety of the surrounding road network is envisaged. However, it suggests an upgrade to the Kailis Road/Minilya-Exmouth Road T-intersection to safely accommodate the increased demand for turning movements and a review of posted speed limit on Minilya-Exmouth Road may be required.

Bushfire

Most of the subject site has been declared bushfire prone by the Commissioner for Fire and Emergency Services, pursuant to s. 18P of the *Fire and Emergency Services Act 1998*. A Bushfire Hazard Level (BHL) Assessment accompanies the SAR (refer Attachment 1). The BHL concludes:

The subject site will be exposed to BHLs of moderate and low that can be maintained through the implementation of bushfire management measures documented in bushfire management plans supporting future planning applications.

Local Planning Strategy

25. The purpose of the Local Planning Strategy (the Strategy) is to provide strategic planning direction over a 10-year period within the municipality. Further, it provides the rationale for the zoning and reservation of land and for land use and development controls.
26. The Strategy reiterates the subject site's existing 'General Industry' zoning and identifies the subject site as Existing Industry Area 5. The Strategy states:

The land use intent for this area is to provide the opportunity for land based general industrial activity servicing the resource sector as well as to accommodate the relocation of existing industrial activity from the townsite which generate nuisance and/or have a larger land take requirement.

27. It is noted that the proposed SAR is inconsistent with the Strategy given the current intended industrial use of the property.
28. The Strategy includes a number of objectives and strategies with respect to tourism land uses.
29. Although the site is not identified as 'Tourism Area' in the Strategy, the use of the site for tourism and other incidental related purposes is generally supported. The subject site has a number of positive tourism attributes given the location and landscape. Further, it will provide an economic benefit to other tourist businesses and operators, and opportunities to bring new employment into the area.

Local Planning Scheme No.4

30. As mentioned above, the subject site is zoned 'General Industry'. An 'Additional Use' A4 also applies to the subject site. It allows for a 'Caravan Park' as a 'D' (discretionary) use and 'Caretaker's Dwelling' as an 'I' (incidental) use, however a 'Caravan Park' is currently restricted to Lot 112 only.
31. The western portion of the site is included within the Special Control Area 6 – Minilya-Exmouth Road (SCA 6).
32. The intent of SCA 6 Minilya-Exmouth Road is to maintain the view sheds, environmental and landscape qualities of Minilya-Exmouth Road when entering the Exmouth Townsite by ensuring there is no encroachment of inappropriate development within 100 metres on either side of the road. This is consistent with the Ningaloo Coast Regional Strategy Carnarvon to Exmouth and the Exmouth South Structure Plan.

33. The subject site has a mostly open landscape with views to the gulf. Scattered vegetation including moderate to large palms are located throughout the site. An existing storage building is within SCA 6, however this was constructed prior to the adoption of LPS 4.
34. The proponents have requested the removal of the subject site from SCA 6 for the following reasons:
 - The imposition of a visual amenity plan was intended to be a visual amenity policy (and not a statutory scheme provision); and
 - The intent of the visual amenity plan/policy was to guide development and landscaping rather than preclude development.
35. As part of the adoption of LPS 4, a policy was not considered appropriate as local governments are only required to have due regard to local planning policies in the decision-making process. The incorporation of SCA 6 into LPS 4 was to give weight to the provisions and overall implementation.
36. Notwithstanding the above, SCA 6 does not specifically state that development is not permitted within the 100 metre wide visual protection corridor. It does, however, require any development to be supported by a Visual Landscape Assessment in line with the WAPC's Visual Landscape Planning in Western Australia a manual for evaluation, assessment, siting and design, of which provision has been made in the required modifications.
37. Additionally, State Planning Policy 5.4 – Road and Rail Noise applies to the subject site. The impacts of road traffic noise and mitigation measures will need careful consideration and design of which can be considered in the required structure plan.
38. The removal of a small section of SCA 6 is considered a piecemeal approach and is not supported by Shire officers. It may undermine the intent of SCA 6, prejudice its application, and could set an undesirable precedent for other properties. This matter, will be considered in the structure planning process whereby a visual assessment will assist in determining built form, landscaping and view sheds within the SCA 6.

Land uses

39. Overall, most of the tourism (as outlined in Attachment 4) and other incidental uses are considered appropriate for this site. Refer Attachment 3 for the land use terms defined in LPS 4. Based on the current information Shire officers do not consider the following uses suitable for the site:

Nature based park
Motel
Serviced Apartment
Bed and Breakfast
Cinema/Theatre
Club premises
Fast Food Outlet
Holiday House
Lunch Bar
Grouped Dwelling
Multiple Dwelling

*Repurposed Dwelling
Residential Building
Second-hand Dwelling*

40. The subject site does not appear to meet the definition of 'Nature based park' under LPS 4 and in *the Caravan Parks and Camping Grounds Regulations 1997*, when considering the existing and likely proposed development and associated impacts of noise and artificial light. A caravan park would (as shown as the predominant use on Attachment 2 – Indicative Concept Plan) more appropriately fall under the uses proposed of 'Camping Ground' and/or 'Caravan Park'. A 'Holiday House' refers to a dwelling on one lot being used for short-term accommodation, which is not the intent behind the SAR.
41. 'Lunch Bar' (which are only permitted within industrial or commercial areas) and 'Fast Food Outlet' are not considered appropriate. The sale of food and beverages would be better aligned with the uses proposed for 'Restaurant/Café', 'Small Bar' and/or 'Tavern'. Subject to this element being incidental, the sale and consumption of take away food could be considered under the above uses.
42. The SAR and Concept Plan includes reference to permanent residential component (park homes). Despite requests to the proponent, little justification has been provided to support these uses. The Strategy does not recommend permanent residential in tourism areas outside of the townsite. Residential development should be generally located closer to the townsite and adequately serviced. The scheme provisions as proposed, could potentially allow for unrestricted permanent residential, including a range of designs and forms of houses, units and apartments.
43. The proponents have proposed 'Industry – Primary Production' as a land use, which they have advised to allow for a small seafood processing use to be reinstated in historical buildings to pay homage to the historical use of the site. To avoid potential land use conflicts, it is recommended that this be an incidental and small operation tied directly to the tourism uses in the SAR and scheme provisions.
44. Given the various and diverse range of land uses proposed, to ensure uses and development are appropriately coordinated and planned, it is recommended that a structure plan, in accordance with the Regulations, be prepared.

Scheme provisions

45. There is a need to review and update the proposed scheme amendment provisions, as outlined in Attachment 4.

Next steps

46. Should Council support Scheme Amendment 3 (with or without modifications), the suggested next steps are:
 - Subject to the proponent appropriately modifying the SAR as and should Council agree to adopt the scheme amendment, Shire officers will seek environmental clearance from the EPA and consent to advertise from the WAPC;
 - Provided the above occurs, the scheme amendment will be widely publicly advertised, inviting submissions from adjoining/nearby landowners, the local community, relevant

government agencies and other stakeholders. The comment period will be a minimum of 60 days;

- Following the advertising period, the Shire officers will assess and consider all submissions and seek to address relevant issues with the proponent and other stakeholders as appropriate. Then Shire officers will prepare a report on the submissions received and referred to Council to determine whether or not it wishes to request final adoption (approval) to the scheme amendment; and
- The WAPC then makes its assessment on the scheme amendment and provides a recommendation to the Minister for Planning. The Minister makes the final decision on whether or not to grant final approval of the scheme amendment. If the Minister grants final approval, the scheme amendment will, in time, be published in the Government Gazette, at which point it legally comes into effect.

47. In summary, the tourism (caravan and tent sites, glamping and cabins as indicated on the Indicative Concept Plan) and other incidental uses of Amendment 3 is supported, in principle, by the Shire officers.
48. The Proponent has also requested that staff accommodation is included as an incidental land use for which Shire officers' support.

CONSULTATION

49. The Regulations require that a local planning scheme amendment be adopted by a resolution of Council prior to the proposal being advertised for public comment. Consequently, no consultation has been undertaken at this stage.
50. Section 81 of Act requires a local government to refer an amendment to the EPA to determine if it should be assessed.
51. If Council resolves under regulation 35(1) to adopt an amendment to a local planning scheme, the local government must, after receiving consent from the WAPC, advertise the amendment in accordance with regulation 37(1).
52. Should a SAR be initiated by Council, the full report and appendices will be referred to a number of government agencies and utility providers for further comment.

12.2.2 PROPOSED NEW LOCAL PLANNING POLICY: TEMPORARY ACCOMMODATION – TOTAL SOLAR ECLIPSE EVENT

File Reference:	CM.PO.13
Reporting Officer:	Senior Planning Officer
Responsible Officer:	Executive Manager Development Services
Date of Report:	19 April 2022
Applicant/Proponent:	Nil
Disclosure of Interest:	Nil
Attachment(s):	1. Proposed draft Local Planning Policy - Temporary Accommodation – Total Solar Eclipse Event 2. Area maps

PURPOSE

1. This report recommends Council prepare a Temporary Accommodation – Total Solar Eclipse Event Policy (the Policy) and advertise the Policy (Attachment 1) to seek public comment.

BACKGROUND

2. The objectives of the Shire of Exmouth Council's Policy Manual are:
 - To provide Council with a formal written record of all policy decisions;
 - To provide the staff with precise guidelines in which to act in accordance with Council's wishes;
 - To enable the staff to act promptly in accordance with Council's requirements, but without continual reference to Council;
 - To enable Councillors to adequately handle enquiries from electors without undue reference to the staff or the Council;
 - To enable Council to maintain a continual review of Council Policy decisions and to ensure they are in keeping with community expectations, current trends and circumstances;
 - To enable ratepayers to obtain immediate advice on matters of Council Policy.
3. At the Shire's 24 March 2022 Ordinary Council Meeting, under 12.2.3 (Resolution 08-0322) Council resolved to support with modifications Scheme Amendment No.7 to the Shires Local Planning Scheme No.4.
4. Scheme Amendments 7 allow for temporary options in and around Exmouth townsite to cater for and facilitate the Total Solar Eclipse (TSE) event which is set to occur on 20 April 2023.
5. Scheme Amendment 7 is currently with the Western Australian Planning Commission (WAPC) and the Minister for Planning for final approval.
6. The Policy seeks to provide guidance around temporary accommodation options such as short-term accommodation in existing residences and caravanning and camping for the TSE event.
7. The objectives of the Policy are:

- a. To coordinate and provide temporary accommodation options in and around the Exmouth Townsite to cater for and facilitate the Total Solar Eclipse.
- b. To minimise impacts and manage issues on the local amenity by ensuring the location and siting of the temporary accommodation in the context of surrounding land uses.
- c. To streamline approval processes for temporary accommodation during the Total Solar Eclipse Event.

COMMENT

8. The Policy would apply to the following key residential areas that can be broadly described as:
 - Area 1, 'Residential' zoned land north-west and south-west of Maidstone Crescent.
 - Area 2, 'Residential' area abutting Crevalle Way.
 - Area 3, 'Special Use 6' zoned area adjacent to Murat Rd and Madaffari Drive.
 - Area 4, 'Rural Residential' zoned area connecting to Preston Street.
 - Area 5, 'Special Use 9' zoned area adjacent to Minilya-Exmouth Road.
9. Refer to Attachment 2 for Area maps.
10. The temporary use and Policy would apply for four weeks, between 6 April 2023 and 4 May 2023 being either side of the TSE.
11. Proposals that comply with the requirements of the Policy will be exempt from requiring formal Development Approval. The intent is to streamline approvals and processes to assist landowners. Proposals will still need to be registered with the Shire, which will be used to ascertain visitor numbers and inform emergency staff.
12. The Policy will include a number of requirements to be met, including;
 - Maximum number of camp sites
 - Boundary and internal setbacks
 - Toilets and ablutions
 - Wastewater
 - Potable water
 - Rubbish
 - Fire safety
 - Management statement
 - Cyclone requirements
13. This report seeks Council approval to make and subsequently advertise the draft policy. After the expiry of the period within which the submissions may be made, the Shire of Exmouth will be required to:
 - Review the policy in light of any submissions made; and
 - Resolve to adopt the policy with or without modification, or not to proceed with the policy.

CONSULTATION

14. Should Council resolve to support the Policy for formal advertising, a notice of this proposed policy will be published on the Shires website (including the Policy), giving details of:
 - The subject and nature of the proposed policy; and

- The objectives of the proposed policy; and
- Where the proposed policy may be inspected; and
- To whom, in what form and during what period submissions in relation to the proposed policy may be made.

15. The period for making submissions on a local planning policy must not be less than 21 days from the date when the first notice is published.

STATUTORY ENVIRONMENT

16. *Division 2 – Local planning policies* of the *Planning and Development (Local Planning Scheme) Regulations 2015* set out the requirements local planning policies (LPP), including procedures for making a LPP.

Disclosure of Interest:	Nil
Attachment(s):	1. Confidential attachments 1 and 2

PURPOSE

1. That Council awards Tenders 02/2022 for Town Beach Electrical Upgrades 03-2022 Town Beach Civil Construction Works as per the recommendations in the Confidential Evaluation Reports (Attachments 1 and 2) and approves the use of \$210,000 from the Community Development reserve.

BACKGROUND

2. Town Beach park and picnic area is a popular destination for visitors and locals with its beach front location. The bigger numbers using the site has placed pressures on its limited area, increased the conflict of vehicle versus pedestrian use and is stretching current infrastructure.
3. The Shire has been successful in attracting a \$450,000 BHP grant through Exmouth Chamber of Commerce and Industry for upgrades to Town Beach and has also applied for \$278,302 Local Roads and Community Infrastructure (LRCI) funding to be used for the same purpose.
4. Council endorsed the Town Beach Upgrade Concept Design at its June 2021 Ordinary Council meeting

COUNCIL RESOLUTION

ITEM 12.2.1

Res No: 08-0621

MOVED: Cr Mounsey

SECONDED: Cr Lake

That Council ENDORSE the Town Beach Upgrade Concept Design as per the accompanying Attachment 1 in the report.

CARRIED 6/0

5. Following Council endorsement, RFT 08-2021 Town Beach Revitalisation was advertised in September 2021 and closed in October 2021. The tender brief was to deliver all works specified in the concept design. All tender submissions greatly exceeded the project budget.

6. To facilitate the delivery of the project and achieve the best financial outcome within its current budget, staff reviewed the scope of works and decided to stage the project delivery and split the works into separate tender parcels.
7. Stage 1A consists of the completion of the electrical installation (RFT02/2022 Town Beach Electrical Upgrades) and the construction of the concrete hardstands and block walls (RFT 03/2022 Town Beach Civil Construction Works).
8. The timing and implementation of Stage 1B will depend on the availability of additional funding and will include the landscaping, furniture refurbishment and foredune construction.

COMMENT

9. Tenders 02-2022 and 03-2022 were uploaded on 25 January 2022 to the Shire of Exmouth TenderLink portal and advertised in the West Australian and Pilbara news media. The portal provides interested parties the opportunity to clarify any issues and is the mechanism for which submissions are accepted.
10. The tender period closed 1 March 2022 with one submission received for RFT 02-2022 Electrical Upgrade and two submissions received for 03-2022 Civil Works.
11. After evaluation the combined cost of the preferred submissions exceeded the project budget. To deliver Stage 1 A of the project an additional \$210,000 is required.
12. Staff are pursuing funding opportunities through Tourism WA (TWA) as part of the States support for the 2023 Total Solar Eclipse event as Town Beach has been identified as the nominated viewing point for TWA VIP guests.
13. If successful, the funding being negotiated will be sufficient to cover the shortfall required for the completion of Stage 1A as well as allowing the implementation of Stage 1B however the funding will only be available at the commencement of the 2022/23 financial year.
14. A further consideration to the project timeline is LRCI Phase 2 funding conditions requiring project completion by 30 June 2022.
15. While external funding is being negotiated and so the project can still progress, staff are recommending the shortfall amount be transferred from the Shires Community Development reserve.

12.2.4 REQUEST FOR ITINERANT TRADING LICENCE – CAFÉ BUENO

File Reference:	LP.PE.0.2022
Reporting Officer:	Administrator Development Services
Responsible Officer:	Executive Manager Development Services
Date of Report:	19 April 2022
Applicant/Proponent:	Nil
Disclosure of Interest:	Nil
Attachment(s):	Nil

PURPOSE

1. That Council APPROVE to enter into a new licence agreement with AM & TC PTY LT trading as Café Bueno food van to operate at the designated space at the Vlamingh Head Lighthouse precinct.

F. Lighthouse precinct (maximum 2 spaces)

BACKGROUND

2. Café Bueno is an established food business initially registered in the Shire of Mundaring and operated in various locations in the South-West region.
3. Café Bueno has been operating in the Shire of Exmouth at coastal locations and community events in the town on a seasonal basis since July 2020.

4. Café Bueno have been operating under Itinerant Traders (Activity on Local Government Property) permits and are now seeking approval for a licence approach to operate the food van at the Vlamingh Head Lighthouse location under the Shires Local Planning Policy 6.9 – Itinerant Trading (the Policy).

COMMENT

5. A key component of the Policy is the ability of Council to approve a licensing arrangement option for those traders seeking terms greater than 12 months. As stated in the Policy adopted in May 2020:

“Approval to trade can be granted for periods ranging from 1 day to 12 months with terms greater than 12 months to be considered via a licensing arrangement and requiring Council approval on a case by case basis. In order to qualify for a license a trader must demonstrate that they have a proven trading history of at least 12 months (or one full tourism season ie April – September) within the Shire of Exmouth area (source General Provisions point 2 – 6.9 Itinerant Trading policy)

6. Also stated in the Policy is:

“A license approach is to provide greater tenure with terms and conditions negotiated on a case by case basis. A licence approach will be subject to Policy 2.4 Leases and Licences however any itinerant trader licence will require and be subject to Council review and approval. Traders will still be required to secure all required trading permits.” (source General Provisions point 11 – 6.9 Itinerant Trading policy)

7. Café Bueno have been operating within Exmouth on a seasonal basis since 2020. As this request meets the requirements for a licence arrangement approach, the officer recommendation is to seek Council approval to enter into a licence agreement with AM & TC PTY LT (T/A Café Bueno van).

CONSULTATION

8. A licence arrangement does not require public advertising under the *Local Government Act 1995* section 3.58.

STATUTORY ENVIRONMENT

9. *Land Administration Act 1997*.
10. Shire of Exmouth Activities on Thoroughfares and Trading in Thoroughfares and Public Places Local Law.
11. The leasing and licensing of Shire property is governed by the *Local Government Act 1995*, section 3.58.

POLICY IMPLICATIONS

12. The granting of the proposed licence generally complies with Shire of Exmouth Policy Manual, Local Planning Policy - 6.9 Itinerant Trading and Policy 2.4 Leases and Licences. As per policy all new licences granted and any new locations approved under Itinerant Trading shall require approval of Council.

FINANCIAL IMPLICATIONS

13. The approved Itinerant Trading permit fees and charges apply. Licence fees are charged at a

50% discount to approved permit fee rates.

RISK MANAGEMENT

14. The risk identification and categorisation relies on the Shires Policy 2.13 – Risk Management Policy.

Risk	Likelihood	Consequence	Risk Analysis	Mitigation
Performance - If approved, Café Bueno does not operate as per the licence agreement conditions.	Possible	Minor	Moderate	Council may revoke licence due to non-performance to licence terms and conditions

ALTERNATE OPTIONS

15. Council may consider alternative options in relation to this item, such as:

- Not support the granting of a licence agreement to Café Bueno, they would then need to continue to operate under the annual permit approach; or
- To change the terms and conditions of the licence agreement including term and/or fees payable.

STRATEGIC ALIGNMENT

16. This item is relevant to the Councils approved Strategic Community Plan 2030 and Corporate Business Plan 2018-2022

Economic: Diversify and grow our economy in a manner that provides year round employment opportunities

- 1.1 A diverse and environmentally aware local economy that can attract business investment and provide employment opportunities
- 1.2 Facilitate the strengthening and growth of our visitor experience.

Social: To be a vibrant, passionate and safe community valuing our natural environment and unique heritage

- 3.1 Explore opportunities to deliver services and facilities that attract and retain people living in the Shire.
- 3.3 Champion self-supporting community clubs and associations.

VOTING REQUIREMENTS

17. Absolute Majority.

OFFICER'S RECOMMENDATION

ITEM 12.2.4

That Council:

1. APPROVE Café Bueno van (AM & TC PTY LT) to operate at one designated space at the Vlamingh Head Lighthouse location under an Itinerant Trading licence; and
2. AUTHORISE the Chief Executive Officer to execute a licence agreement for a term of 13 months and to apply appropriate fees and charges each year as adopted by Council in its annual review.

Attachment(s):	1. Monthly Financial Report as at 19 April 2022

PURPOSE

1. That Council accepts the financial report for the financial period ending 19 April 2022.

BACKGROUND

2. The provisions of the Local Government Act 1995 and *Local Government (Financial Management) Regulations 1996* Regulation 34 requires a statement of financial activity be presented at ordinary meeting of council within 2 months of the period end date (Attachment 1).

COMMENT

3. As at 31 March 2022, the operating revenue is below target by \$505,048 (4.05%). Variances are mainly due to the timing of the Financial Assistance Grant and Ningaloo Visitor Centre commissions. The Airport Security Screening Grant also affected the timing of airport fees & charges.
4. Operating expenditure is under budget by \$1,014,492 (7.74%). Variances are mainly due to the timing of various operational projects and current vacant positions.
5. A total of \$2,716,283 has been spent to date for capital projects within the Financial Year 2021/2022. This includes the purchase of executive housing, Murat Road and Yardie Creek road edge repairs, as well as various preparation works for the Town Beach upgrade. Building of staff housing and the plant replacement program are in progress. The Bike Park and Youth Precinct projects are nearly completed.
6. Rate notices were issued on 30 July 2021. Rates collected as at 31 March 2022 were 92% compared to 88% for the same period last year.
7. General Debtors is \$2,069,295 with \$636,738 being for aviation operations and \$649,309 for the Ningaloo Centre solar panel grant funding.

PURPOSE

1. That Council endorse to give public notice of its intention to impose the proposed differential rates and minimum payments for the 2022/23 financial year.

BACKGROUND

2. The purpose of this report is to seek Council's endorsement to give public notice of its intention to impose the proposed differential rates and minimum payments for the 2022/23 financial year.
3. The public notice is mandatory under section 6.36 of the *Local Government Act 1995*, before imposing any differential rates or minimum payments.
4. Such notice is to be published within a period of two (2) months preceding the commencement of the new financial year, inviting public submissions on the proposed rates or minimum payments.
5. An elector or ratepayer has 21 days from date of public notice to make submissions in respect of the proposed rates and minimum payments and any related matters. Council is required to consider any submissions received before imposing the proposed rate or minimum payment with or without modification.
6. Council may resolve to impose rates or minimum payments different from those published in the local public notices, and if it does so, is obliged to publish the reasons for doing so, as part of its formally adopted budget.
7. Table 1 and Table 2 below details the current 2021/22 differential rates and minimum payments. The 2021/22 budget was prepared on the basis of 4.8% rate in the dollar increase for all rating categories.

TABLE 2: SCHEDULE OF 2020/21 SPECIFIED AREA RATES:

9.

Rate Category	Rate in the Dollar \$	Minimum payment \$

COMMENT

10. Costs continue to increase at a fast pace and Council needs to cover these increases to ensure continued service delivery. The latest Consumer Price Index released by the Australian Bureau of Statistics in December 2021 is indicating that CPI rose by 3.5% nationally for the year to December 2021 and for the Perth region it increased by 5.7% for the same period. This indicates that Western Australia is currently carrying a large burden with increases to costs.
11. WALGA produces the Local Government Cost Index (LGCI) to track costs relevant to Local Governments in WA. Council utilise this information to ensure it tracks costs specific to their operations. The Shire of Exmouth has a significant property and road asset base, so we take information around these two asset classes to have a high impact on Council costs.
12. The LGCI has identified that construction has been the fastest growing sector for Local Government costs. Building construction costs has increased by 14.5% in WA in the last year and more than 5% in the December quarter alone. Another area that has a significant impact on Council's costs is road and bridge construction which grew more than 9% in the last year ending December 2021.
13. Wages WA wide have grown by 2% for the year to December, which is in line with the forecasting Council has been using to date. However, WA treasury anticipates wage growth of 2.75% in 22-23. The Super Guarantee is also increasing by 0.5% each year to 2025/26.
14. The Long-Term Financial Plan (LTFP) is a useful tool for Council to keep track of its long term financial responsibilities and requirements and should be utilised by Councillors for decision making. The impacts of the costs have been implemented into the LTFP to show the short term and long term impact these costs will have on Council and what we need to do financially to cover these increases.
15. The LTFP proposes 4.8% rates increase in 2022/23 to 2024/25 and spreading the increase over multiple financial years, rather than one large increase. The LTFP will be reviewed each financial year as Council experiences changes in economic conditions and services it provides. As Council

only derives 23% of its revenue from rates, this will not be able to close the gap on the deficiency and will require other options to be reviewed as well.

16. The Office of the Auditor General audits the Shire’s financial statements annually and has had an adverse finding on the operating surplus ratio for a number of years. This ratio measures Council’s ability to contain operating expenditure within operational revenue. For Council to address this ratio, it needs to effectively manage its finances on a net operating result of 0 or better.
17. The LTFP indicates this ratio is trending towards 0, and in 2020/21 Council set the path to get this issue addressed by 2030/31. The proposed increases allow us to continue on that path to improve Council financial position and ensure continued service delivery.
18. Council is looking at all options available to get the ratio’s down and reduce the financial impact on rate payers as much as possible. Council currently derives 53% of its operating revenue from fees and charges, which is primarily from airport operations.
19. Table 3 and 4 below details the proposed 2022/23 differential rates and minimum rates. This is an increase of 4.8% across all ratings, including the specified area rating. There has not been a GRV valuation completed this year, so the only change to property values would be if there has been a change to the property.

TABLE 3: SCHEDULE OF PROPOSED 2022/23 DIFFERENTIAL RATES:
