Introduction

This document provides a reference guide to the Council Policy Manual to assist Council Members, Shire employees and members of the community in the use and interpretation of the Manual.

The *Local Government Act 1995* empowers Council in the determination of policy under section 2.7 Role of Council - "(2) (b) determine the local government's policies."

In simple terms policy provides what can be done, Management practices provide how it is done and delegation provides who can do it. The Shire has Council and Operational policies to guide both its direction and operation, and Planning policies relating to planning and development within Local planning scheme areas.

Council policies set governing principles and guide the direction of the organisation to align with community values and aspirations. These policies have a strategic, external focus and align with the mission, vision and strategic direction of the Shire.

Council Policies are developed to further the achievement of the Shire's strategic goals or contribute to outcomes relating to mandatory obligations. They are defined courses of action related to particular circumstances which guide staff in what is permissible when dealing with related matters.

Operational Policies

Operational policies are developed for administrative and operational requirements. They have an internal focus and form the strategies and actions for policy implementation and provide details of the actions and processes required by staff.

Planning Policies

Planning policies have been prepared in accordance with Clauses 3, 4 and 5 of Schedule 2 of the *Planning and Development (Local Planning Schemes) Regulations 2015* which allows Council to prepare local planning policies relating to planning or development within the Scheme area.

Purpose of Council Policies

Council Policies provide guidance for future decisions and behaviour and the achievement of rational outcomes. Council policies show the approach that the Council intends to be taken in a particular issue and:

- Support consistency and equity in decision making,
- Facilitate prompt responses to customer requirements; and
- Promote operational efficiency.

ES002 Attendance/Tickets to Events: Council Members and Chief Executive Officer

OBJECTIVES

To ensure compliance with s5.90A *Local Government Act 1995* by having a compliant Policy which guides Council Members and the Chief Executive Officer (CEO) in relation to tickets/attendance at events.

This policy is made in accordance with those provisions and addresses attendance at any events, including concerts, conferences, functions, or sporting events, whether free of charge, part of a sponsorship agreement, or paid by the local government.

The purpose of the policy is to provide transparency about the attendance at events of Council Members and the CEO and establish guidelines for the management of acceptance invitations to events or functions

POLICY STATEMENT

Definitions

Event includes the following –

- a concert,
- a conference,
- a function,
- a sporting event,
- an occasion of a kind prescribed for the purposes of this definition.

Key issues to consider

In considering whether a benefit such as an invitation to an event or hospitality given to a Council Member or the CEO is a 'gift' for the purposes of the Act and Regulations, the key issues include:

- Who is a donor, the person who is offering or giving the benefit?
- What is the value of the benefit?
- Do the Council Members or CEO receiving the benefit contribute anything of value to the donor in return for the benefit such as formally opening or speaking at the event or presenting prizes/awards?
- If so, does the value of that contribution outweigh the value of the benefit? If so, it will not be a gift for the purposes of the Act and Regulations.
- the location of the event in relation to the local government (within the district or out of the district).
- whether the event is sponsored by the local government. ie the benefit of local government representation at the event.
- the number of invitations / tickets received, and if the cost to attend the event, including the cost of the ticket (or estimated value of the event per invitation) and any other expenses such as travel and accommodation.

Council Policy

Shire of Exmouth

Commercial Entertainment Events

Any tickets accepted by a Council Member or the CEO without payment, for any commercial entertainment event, for which a member of the public is required to pay whether sponsored by the Shire or not will generally be classified as a gift for the purposes of the Act and Regulations.

An exception to this is where the Shire President or his / her representative attends the event in an official capacity to perform a civic or mayoral function.

Where there is a commercial entertainment event that, in the opinion of CEO it is in the interests of the Shire for one or more Council Members to attend to assess and understand first-hand the impacts on the community or business, then one or more tickets for that event may be purchased for the relevant Council Member by the Shire at full cost.

Other commercial (non-entertainment) Events

For other commercial (non-entertainment) events, such as a conference or seminar, for which a member of the public is required to pay, where the CEO is of the opinion that it is in the interests of the Shire for one or more Council Members to attend (such as for their professional development or to undertake a function as a Council Member), then one or more registrations or other benefits for that event will be purchased for the relevant Council Member by the Shire at full cost to enable attendance.

If the Shire does not pay for the event, free registration, or any other benefit (such as hospitality) given to a Council Member or CEO would be classified as a 'gift' unless the contribution of the Council Member or CEO to the event (such as by way of the presentation of a paper or speaking engagement) is reasonably considered to outweigh the value of registration or other benefit given to the Council Member or CEO.

Community/Local Business Events

Acceptance of reasonable and modest hospitality by a Council Member at an unpaid event run by a local community group for local business would not generally be classified as a 'gift' where the contribution by the Council Member to the event is reasonably considered to outweigh the value of the hospitality. This is more likely where the Council Member attends the event in his or her capacity as a Council Member - preferably where the attendance has been specifically authorised by the Shire, but otherwise where the person is performing his or her functions as a Council Member.

Perceived or Actual Conflict

Event attendance may create a perceived or actual conflict, which may preclude Council Members participating at a future meeting. If the amount of an event ticket (gift) is less than \$1,000, and relates to a matter before Council, under section 5.68 of the *Local Government Act 1995*, Council may allow the disclosing Council Member to participate on the condition that the interest, the Council's decision, and the reasons for that decision are recorded in the minutes.

If the amount gift is above \$1,000 the Council or CEO must apply to the Minister for permission to allow the Council Member or CEO to participate.

The following situations are specifically excluded where the event ticket (gift) is received from one of the following organisations: -

Council Policy

Shire of Exmouth

- a) Western Australian Local Government Association (WALGA) (but not Local Government Insurance Services),
- b) Local Government Professionals Australia (WA),
- c) Australian Local Government Association,
- d) A department of the public service,
- e) A government department of another State, a Territory, or the Commonwealth; and
- f) A local government or regional local government.

Provision of tickets to events

Invitations

All invitations or offers of tickets for a Council Member or CEO to attend an event should be in writing and addressed to the CEO.

Any invitation or offer of tickets not addressed to the CEO is not captured by this policy and must be disclosed in accordance with the gift and interest provisions in the Act. (A ticket or invitation provided by a donor to an individual in their capacity as a Council Member or CEO is to be treated as a gift to that person unless the tickets or invitation is referred to the local government to be considered in accordance with the Policy).

The following is a list of pre-approved events, for attendance by a Council Member or the CEO:

- Any free event held in the Shire of Exmouth,
- Australian or West Australian local government events,
- Awards nights/dinners of clubs within the Shire of Exmouth,
- Shire of Exmouth hosted events, ceremonies, and functions,
- Shire of Exmouth run functions or events,
- Events hosted by Clubs or Not for Profit Organisations within the Shire of Exmouth.
- Shire of Exmouth sponsored functions or events,

- Recognition of service events,
- RSL events,
- Where a Council Member or CEO representation has been formally requested,
- Political functions and events relevant to the Shire of Exmouth,
- Industry and peak body functions, events, and conferences.

Approval of attendance

In deciding on attendance at an event, the Council will consider:

- who is providing the invitation or ticket to the event,
- the location of the event in relation to the local government (within the district or out of the district),

Council Policy

Shire of Exmouth

- the role of the Council Member or CEO when attending the event (participant, observer, presenter) and the value of their contribution,
- whether the event is sponsored by the local government,
- the benefit of local government representation at the event,
- the number of invitations / tickets received, and
- the cost to attend the event, including the cost of the ticket (or estimated value of the event per invitation) and any other expenses such as travel and accommodation

Where an invitation is received to an event that is not pre-approved, it may be submitted for approval no later than three business days prior to the event for approval as follow:

- Events for the Shire President will be approved by the Deputy Shire President,
- Events for Council Members will be approved by the Shire President; and
- Events for the CEO will be approved by the Shire President.

Considerations for approval of the event include:

- Any justification provided by the applicant when the event is submitted for approval.
- The benefit to the Shire of the person attending.
- Alignment to the Shire's Strategic Community Objectives.
- The number of Shire representatives already approved to attend.

Where a Council Member or CEO has an event approved through this process and there is a fee associated with the event, then the cost of the event, is to be paid by the Shire.

Non-Approved Events

Any event that is not pre-approved, is not submitted through an approval process, or is received personally is considered a non-approved event.

If the event is a free event to the public, then no action is required. If the event is ticketed and the Council Member or CEO pays the full ticketed price and does not seek reimbursement, then no action is required.

If the event is ticketed and the Council Member or CEO pays a discounted rate or is provided with a free ticket, then the recipient must disclose receipt of the tickets (and any other associated hospitality) within 10 days.

Payments in respect of attendance

Where an invitation or ticket to an event is provided free of charge, the local government may contribute to appropriate expenses for attendance, such as travel and accommodation, for events outside the district if the council determine attendance to be of public value.

For any events where a member of the public is required to pay, unless previously approved and listed, the council will determine whether it is in the best interests of the local government for a Council Member or the CEO or another officer to attend on behalf of the council.

If the council determines that a Council Member or CEO should attend a paid event, the local government will pay the cost of attendance and reasonable expenses, such as travel and accommodation.

Council Policy

Shire of Exmouth

Where partners of an authorised local government representative attend an event, any tickets for that person, if paid for by the local government, must be reimbursed by the representative unless expressly authorised by the Council.

Fees and Allowances

The *Local Government Act 1995* provides for sitting fees, allowances and entitlements of specific expenses related to or incurred in performing the role of a Council Member for the Shire of Exmouth. The Shire of Exmouth will pay an annual attendance fee to all Council Members who attend Council, committee or prescribed meetings referred to s5.98 of the *Local Government Act 1995*. These are automatically generated each financial year following the adoption of the budget.

Annual Allowance for the Shire President and Deputy Shire President

The Shire President receives the maximum annual local government allowance for a determination in the Band 3 for the Shire of Exmouth in accordance with the Salaries and Allowances Tribunal (SAT). The Deputy Shire President's Annual Allowance is 25% of the Shire President's Allowance.

ICT allowance of \$600 per annum is payable to those Council Members who choose to provide their own electronic device.

Payment of Allowances and Fees

Annual allowances and meeting fees will be paid into the Council Member's nominated bank account on a quarterly basis in arrears.

Payments are made on the basis that each Council Member regularly attends Council meetings, briefing session, and meetings as set out in section 5.98(1) and (2A) of the *Local Government Act 1995* and Regulation 30(3A) of the *Local Government (Administration) Regulations 1996*, and carries out other normal duties and responsibilities of the office of a Council Member for the whole year.

Any taxation liability arising from the payment of fees and allowance is the individual responsibility of each Council Member.

Reimbursements of expenses are subject to a statement being certified by the Council Member concerned, and the claim is in respect to costs associated during Shire business including

- Council briefings and workshops,
- Training and conferences; and
- Any meeting whereby the Council Member has been nominated as a Council representative.

Travel Costs (Regulation 31(1)(b) and 32)

a) Council and committee meetings

In accordance with Regulation 31(1)(b) of the *Local Government (Administration) Regulations 1996* (Regulations), Council Members will be reimbursed for travel expenses incurred with respect to the actual cost of travelling from their usual place of residence or work to attend:

- Council meetings; or
- Council appointed committee meetings of which he or she is a member

- Any meeting of a body to which the Council Member has been appointed by Council (e.g. WALGA Zone meetings);

c) Usual place of residence or work

If the Council Member does not live or work in the local government district, actual travel costs will be reimbursed from the person's usual place of residence or work and back (Clause 8.2(4) Salaries and Allowances Tribunal Determination).

If a Council Member changes their usual place of residence or work during their term, they must immediately notify the Administration.

Where a private motor vehicle is used, reimbursement of travelling expenses is calculated on the rate set by the Salaries and Allowances Tribunal.

e) Travel by Commercial flight

In some instances, where the meeting is outside of the Shire of Exmouth (e.g. Perth), it may not be practical or feasible to travel to meetings by private motor vehicle.

In that case, Council Members may choose to travel by commercial flight. A Council Member will be reimbursed for the actual cost of the economy class airfare, in accordance with the Salaries and Allowances Tribunal. Bookings may be made through the Shire.

Frequent flyer points are not to be accrued when travelling on the official business of Council. Once the booking has been confirmed, any changes at the request of the Council Member will be paid for by the Council Member. (e.g. moving flights to another day, or missing a confirmed flight)

- Totalling \$106.60 per day.

Note: Strictly no alcohol will be paid for by Council.

Professional Development

Induction

Council Members need to develop a clear understanding of their role and responsibilities when first elected to Council. It is important that Council Members understand key processes and deliverables required by statute, especially as with each new Council there will be a requirement to review strategic direction and key long-term planning documents.

An accessible, informative induction program is essential to Council Members being able to understand their roles and to be able to move quickly and easily into their governance responsibilities after being elected to Council.

It is also important that returning members have their understanding refreshed and they are aware of any changes to statutory requirements, organisational direction and issues arising.

It is equally important that new and returning members are provided with the same information. Key to this is the induction process which should be provided for each new Council and/or Council Members elected or appointed to fill extraordinary vacancies when they arise.

Sitting Council Members will support newly elected Council Members by participating in the induction process.

Subjects to be covered in Induction

- Council Members' Responsibilities
- Council Member's Support

Mandatory Training

- Understanding Local Government,
- Conflicts of Interest,
- Serving on Council,
- Meeting Procedures and Debating, and
- Understanding Financial Report and Budget.

The Shire supports the ongoing professional development for Council Members, particularly in relation to roles, responsibilities, interests, individual conduct, and meeting procedure.

Council's preferred provider for the training is WALGA (WA Local Government Association).

It is Council's preference that the training is undertaken via the eLearning method which is the more cost-efficient form of delivery.

It is acknowledged however that there may be Council Members who prefer to receive training face-to-face and/or opportunities to attend training which is being delivered in the region or in the Perth metropolitan area.

All other Council Members training must be endorsed by Council in consideration of budgetary constraints.

Following attendance of a conference, the Council Member/s having attended the conference shall present, in person to the Council a summary of the conference deliverables and the relevant benefit to the Shire.

Procedures

Considerations for approval of the training or professional development activity include:

- The costs of attendance including registration, travel, and accommodation, if required,
- The budget provisions allowed and the uncommitted or unspent funds remaining,
- Any justification provided by the applicant when the training is submitted for approval,
- The benefits to the Shire of the person attending,

- The Shire President must be approved by the Deputy Shire President, in conjunction with the CEO and
- Council Members must be approved by either the Council or the Shire President, in conjunction with the CEO.

Any expenditure commitments associated with training or professional development must be performed by and authorised through the CEO.

ES016 Roles and Responsibilities of Shire Delegates to External Bodies.

OBJECTIVES

To prescribe how delegates nominated by Council as members of external committees or organisations may fulfil their representative role.

POLICY STATEMENT

The Shire of Exmouth provides delegate representation on a range of external organisations and committees and is endorsed by Council at the first meeting after an ordinary election or as required.

Where a Council Member or employee has been endorsed as Council's nominated representative member on an external committee, body or organisation, the delegate shall:

- Ensure that no pledges of financial support, or in-kind support are made, unless express decisions to that effect have been made by the Council, or the Chief Executive Officer (CEO) prior.
- Understand that their appointment/membership is as a representative of the Council and is by right of their position with Council.
- Ensure their availability to attend scheduled meetings, and where they are unable to do so, provide prior apology to the respective Presiding Member.
- Be responsible for ensuring that there is a quorum for meetings and the Shire of Exmouth is represented at external group meetings. Where a delegate is unable to attend a meeting in which they have been appointed, they are to advise their deputy (proxy member) to ensure that they will be replaced at the meeting. It is preferable that at least twenty-four (24) hours' notice is afforded.
- Acknowledge that where a delegate has failed to attend three successive external organisation/committee meetings, with or without an apology, the Council shall consider appointing a replacement delegate at either Council determination or at the next Ordinary Meeting of Council following the ordinary elections, to ensure that the purpose and integrity of Council's participation in the external organisation is maintained.
- Acknowledge that if they are unable to fulfil their commitment to an external organisation/committee then the delegate must advise the CEO so that Council consideration of appointing a replacement delegate can be facilitated and subsequent formal advice to the external organisation/committee attended to.
- Ensure that in participating and contributing to decision making of the external organisation the delegate communicates and is cognisant of Council's determined position, if any, determined from:
 - Firstly, resolutions of Council dealing specifically with the matter at hand,
 - Secondly, resolutions of Council dealing generally with the matter at hand,
 - Thirdly, relevant statements of the Council's position contained in adopted Council policies or the Shire's Strategic Community Plan,

- Lastly, if Council has not previously established a position, the delegate should give due consideration to the potential sensitivity and/or risk inherent to the matter, i.e., potential for negative environmental or social impact, or risk of community conflict.

Where the delegate evaluates potential for a significant level of sensitivity or risk then, prior to committing to a position, the CEO is to be requested to prepare a report for Council's consideration. The delegate may provide a position statement for inclusion in the report however, employees must provide professional opinion, advice, and a recommendation for Council determination. Delegates must ensure that this occurs where a decision by the external organisation may require a commitment of Council resources.

- h. Voting Rights - A Council Member or employee appointed as a delegate may have to participate in the decision-making process of the external organisation.
 - The delegate may also be entitled to vote on matters coming before the external body.
 - The delegate will have a fiduciary duty to the external organisation to participate in decision making processes and vote in accordance with the obligations to act in good faith for the purposes for which the external organisation was established.
 - Council recognises that whilst it can require a delegate to communicate the Shire's position to the external organisation, it is not appropriate to attempt to bind the delegate's vote on any matter.
 - The delegate will have the benefit of discussion around the decision-making table and must vote in accordance with their good faith obligation to the external organisation.
 - However, this does not entitle a delegate to substitute their personal beliefs for Council's position. Where it is possible for a delegate aware of their obligations to act in good faith for the purposes of the external body, to vote in accordance with Council's stated position, then Council expects that a delegate will vote accordingly.
 - Where a delegate votes in good faith, in a manner which is opposed to a Council position, the delegate must provide a briefing to the next Corporate Information/CEO Briefing Session informing of the decision and the factors which influenced the outcome.
- i. Perform the functions and duties of a delegate in accordance with the standards set out in the Shire's Code of Conduct.
- j. Ensure that a copy of the minutes is provided to the Shire for record keeping purposes. Where confidentiality requirements exist over either Council or the external organisation's business the delegate must ensure that confidentiality is appropriately maintained and protected.
- k. Council Members or employees who attend meetings of external organisations where access is not generally available to the public, attend as observers only and remain representatives of the Shire and therefore shall:
 - Act within the meeting protocols as established by the external organisation,
 - Communication with the meeting only through Council's nominated delegate or only at the request of the Presiding Member of that meeting, being mindful of not interfering with due process or the role of the Council's nominated delegate,

Council Policy

Shire of Exmouth

- Act in accordance with the Shire's Code of Conduct,
- If access to the meeting is generally available to the public, then an employee or Council Member attends only in the capacity of a private person and must make clear to the meeting that opinions or positions stated are their own and not those of Council,

Matters relating to the Development Assessment Panel fall outside the scope of this policy.

ES017 Fraud and Corruption

OBJECTIVES

To confirm that the Shire of Exmouth does not tolerate fraud and corruption.

POLICY STATEMENT

All Council Members and employees of the Shire of Exmouth are required to observe the highest standards of ethics and integrity in undertaking their roles as custodians of the Shire's assets, financial resources, and information.

They are also expected to act in an honest and professional manner that reflects the high standard of the Shire.

Fraudulent activity and corruption are illegal and contrary to the Shire's organisational values.

The Shire will ensure that systems are in place to ensure that the potential for incidences of fraudulent or corrupt activities or behaviours are minimised. (NOTE: Whilst the Shire endeavours to foster a culture which upholds trust [honest and integrity], it must be recognised that not everyone within an organisation may share those values. In responding to this, the Shire will ensure that there is an effective internal control environment, supported by a positive organisational culture and effective leadership that is aimed at the prevention of fraud and corruption).

Council Members, employees and contractors working for the Shire are accountable for and have a role to play in corruption prevention and control. The Shire encourages all parties to disclose actual or suspected corrupt activity to the CEO. When identified, any suspected corrupt activity will be promptly notified and investigated, and where appropriate legal remedies are available under the law, they will be pursued.

All alleged incidences will be investigated thoroughly. Where appropriate, the Shire will protect the anonymity of those responsible for reporting the activity. This protection does not apply in the case of proven vexatious complaints and allegations.

In the event of a significant corrupt act being identified and referred to an external body (CCC, Public Sector Commissioner) both the Auditors and Council will be informed by the CEO in a timely manner through an appropriate mechanism.

Council acknowledges the primary role of employees in the prevention of fraud and corruption. To foster an appropriate fraud and corruption resistant culture, the organisation will implement fraud awareness training and adopt transparent and participative management practices that empower employees in their operational roles.

Council Policy

Shire of Exmouth

There will be suitable induction training to enhance fraud and corruption resistance. Awareness of the available reporting mechanisms and Public Interest Disclosure support will also be further reinforced through training programs. Training may be facilitated internally and/or via external providers.

Roles and Responsibilities

Shire President and Council Members

The *Local Government Act 1995* provides the Shire President and Council Members with clear roles and responsibilities. In the context of this policy, the role of the Shire President and Council Members is to ensure that there are appropriate processes in place to reduce the risk of fraud and corruption. The principal mechanism for this is the Audit, Risk and Improvement Committee.

Chief Executive Officer and Executive

The Chief Executive Officer and Executive will lead by example in a manner consistent with the value and principles detailed in Council's Code of Conduct. The Chief Executive Officer is required to notify the Corruption Commission if they reasonably suspect misconduct as defined by s4(a), (b) or (c) of the *Corruption, Crime and Misconduct Act 2003*.

The Executive will assume responsibility for fraud and corruption prevention to ensure that the fraud and corruption control strategies are implemented effectively across all works areas. Consideration of fraud and corruption issues will form part of both annual and longer term operational and business planning processes.

Management

All Managers and Supervisors must recognise that fraud and corruption may occur in their area of responsibility.

Managers are to critically examine their areas of responsibility and business processes to identify and evaluate potential fraud and corruption risk situations. They are to develop and maintain fraud and corruption resistant work practices.

The following matters should be examined:

- a. The enforcement of existing financial management standards, policies and practices governing contracts and the supply of goods and services.
- b. The collection, storage, dealing, handling and dissemination of information,
- c. Segregation of functions especially in regulatory, financial accounting, procurement and cash handling areas,
- d. Employment screening and due diligence,
- e. Accuracy of timesheets submitted by employees within manager's responsibility,
- f. Work activities having limited supervision, or which are open to collusion and manipulation,
- g. Work practices associated with compliance and enforcement activities,
- h. Formal or structured reviews of accounting and administrative controls,
- i. The effectiveness of measures for reporting suspected fraud and corruption,
- j. The public interest disclosure protective measures,
- k. Workplace grievance practices,
- l. The promotion of positive values and the benefits of ethical business practices; and
- m. Measures to ensure quick and decisive action on all suspected fraud and corruption situations.

Council Policy

Shire of Exmouth

All Shire Employees

All Shire Employees are responsible for the following:

- a. Acting appropriately when using official resources and handling and using public funds, whether they are involved with cash or payment systems, receipts or dealing with suppliers,
- b. Being alert to the possibility that unusual events or transactions could be indicators of fraud or corruption,
- c. Reporting details immediately if they suspect that a fraudulent or corrupt act has been committed,
- d. Cooperating fully with whoever is conducting internal checks, reviews, or investigations into possible acts of fraud or corruption.

All Council offices who have any knowledge of fraudulent or corrupt activities/behaviour within Council have an obligation to report such matters to a manager/supervisor or the Chief Executive Officer.

Audit, Risk and Improvement Committee

Fraud related matters will be reported to Council's Audit, Risk and Improvement Committee via the CEO to ensure that a realistic view of Council's exposure and the maturity of its systems to prevent, detect and respond to fraud are understood.

VALUE FOR MONEY

Value for money is an overarching principle governing purchasing, that allows the best possible outcome to be achieved for the Shire.

Value for money is determined when the consideration of price, risk and quality factors that are assessed to determine the most advantageous outcome to be achieved for the Shire.

As such, purchasing decision must be made with greater consideration than obtaining lowest price, but also to incorporate quality and risk factors into the decision.

An assessment of the best value for money outcome for any purchasing process should consider:

- a. All relevant whole-of-life costs and benefits, whole of life cycle costs (goods) and whole of contract life costs (for services) including transaction costs associated with acquisition, delivery, distribution, as well as other costs, but not limited to; holding costs, consumables, deployment, maintenance and disposal;
- b. The technical merits of the goods or services being offered in terms of compliance with specifications, user requirements, quality standards, sustainability, service benchmarks, contractual terms and conditions, value adds offered, warranties, guarantees, repair and replacement policies, ease of inspection, ease of after sales service, and any relevant methods of assuring quality.
- c. financial viability and capacity to supply without the risk of default, (competency of the prospective suppliers in terms of managerial and technical capabilities and compliance history);
- d. The economic and social benefits arising from the goods, services or works required, including consideration of these benefits in regard to the supplier's operations, in accordance with this Policy and any other relevant Shire Policy including Local Economic Benefit; and
- e. A strong element of competition in the allocation of orders or the awarding of contracts. This is achieved by obtaining a sufficient number of competitive quotations consistent with this Policy, where practicable; and
- f. Local business capability, capacity, reliability, reputation and previous experience.

REGIONAL PRICE PREFERENCE POLICY

(Refer to Policy CS002): - As much as practicable, the Shire must:

- a. Where appropriate, consider buying practices, procedures and specifications that do not unfairly disadvantage local businesses.
- b. Consider indirect benefits that have flow on benefits for local suppliers (i.e. servicing and support
- c. Ensure that procurement plans address local business capability and local content.
- d. Explore the capability of local businesses to meet requirements and ensure that Requests for Quotation and Tenders are designed to accommodate the capabilities of local businesses.
- e. Avoid bias in the design and specification for Requests for Quotation and Tenders – all Requests must be structured to encourage local businesses to bid; and
- f. Provide adequate and consistent information to potential suppliers.

PURCHASING REQUIREMENTS

6.1 Legislative/Regulatory Requirements

The requirements that must be complied with by the Shire, including purchasing thresholds and processes, are prescribed with the *Local Government (Functions and General) Regulations 1996* and this policy.

6.2 Policy

Purchasing that exceeds \$250,000 in total value (excluding GST) must be put to public Tender when it is determined that a regulatory Tender exemption, as stated under Section 6.4.1 of this Procurement Policy is not deemed to be suitable.

Therefore, obtaining LGIS insurance services is available as a member-base service and is not defined as a purchasing activity subject to this Policy. 6.4.1 Procurement Exemptions

The Shire is exempt from publicly inviting tenders when procurement meets any of the requirements outlined under regulation 11(2) of the *Local Government (Functions and General) Regulations 1996* (WA).

6.4.2 Minor Purchases

Petty Cash

Petty cash is used to meet the need for the procurement of small incidental goods and urgent situations and is limited to \$50 per individual transaction.

6.4.3 Standing Orders

Standing orders relate to entering into an agreement with a local supplier to deliver a good or service for a specific time period or till 30 June each financial year. This type of order is issued to cover goods and services required by Council on a continual basis throughout the financial year.

Standing orders should be issued annually and a new order raised at the beginning of the financial year based on an approved budget or short-term contract.

6.4.4 Purchasing Practice and Purchasing Value Thresholds

The Purchasing Value, assessed in accordance with clause 6.4, determines the Purchasing Practice to be applied to the Shire's purchasing activities.

All staff that have purchase order authorisation must successfully complete the WALGA E-Learning Procurement Package or alternative procurement package as stipulated by the Procurement Section. Until such time as this has been completed successfully staff will not have access to authorise purchase orders.

Staff that are in positions that have authority to raise Purchase Orders of \$5,000 or over will be required to complete the six modules, the Foundation Knowledge and Practical Knowledge Quiz. Staff that are in positions to raise Purchase Orders of up to \$5,000 are required to undertake the first three modules and Foundation Quiz only.

Purchase orders must not be raised retrospectively.

Purchasing Thresholds

The Chief Executive Officer is authorised to approve purchase orders for the purchasing of goods and services and may, at his or her discretion, authorise officers to approve purchase orders for goods and services, together with set expenditure limits and other conditions as deemed necessary for each officer.

A purchase order can only be authorised by the following designated *authorised officers* for each Department:

| Position | Threshold |
|---------------------------------------|--|
| Chief Executive Officer | May authorise a purchase order in accordance with the Procurement Thresholds and Requirements set out in 6.4 of this Policy, to the maximum value of \$500,000. |
| Chief Officers | May authorise a purchase order in accordance with the Procurement Thresholds and Requirements set out in 6.4 of this Procurement Policy to the maximum value of \$50,000. <i>*Only the Chief Executive Officer and Executive Managers are authorised to sign Capital Expenditure Purchase Orders.</i> |
| Executive Manager and Managers | May authorise a purchase order in accordance with the Procurement Thresholds and Requirements set out in 6.4 of this Procurement Policy to the maximum value of \$25,000. |

| | |
|----------------------------------|--|
| Other Authorised Officers | May raise a purchase order in accordance with the Procurement Thresholds and Requirements set out in 6.4 of this Procurement Policy to the maximum value of \$5,000. |
|----------------------------------|--|

6.4.5 Capital Purchases

Capital purchases are defined within the annual budget as endorsed by Council. Capital purchases can only be authorised by the relevant Chief Officer or Chief Executive Officer within their respective financial delegation.

6.4.6 Emergency Purchases

Emergency purchases are defined as the supply of goods or services associated with:

- A local emergency and the expenditure is required (within existing budget allocations) to respond to an imminent risk to public safety, or to protect or make safe property or infrastructure assets; OR
- A local emergency and the expenditure is required (with no relevant available budget allocation) to respond to an imminent risk to public safety, or to protect or make safe property or infrastructure assets in accordance with s.6.8 of the *Local Government Act 1995* and *Local Government (Functions and General) Regulation 1996* 11(2)(a); OR
- A State of Emergency declared under the *Emergency Management Act 2005* and therefore, *Local Government (Functions and General) Regulation 1996* 11(2)(aa), (ja) and (3) apply to vary the application of this policy.

Time constraints, administrative omissions and errors do not qualify for definition as an emergency purchase. Instead, every effort must be made to research and anticipate purchasing requirements in advance and to allow sufficient time for planning and scoping proposed purchases and to then obtain quotes or tenders, as applicable.

6.4.7 Expressions of Interest

Expressions of Interest (EOI) will be considered as a prerequisite to a tender process [F&G Reg.21] where the required supply evidences one or more of the following criteria:

- Unable to sufficiently scope or specify the requirement;
- There is significant variability for how the requirement may be met;
- There is potential for suppliers to offer unique solutions and / or multiple options for how the purchasing requirement may be obtained, specified, created or delivered;
- Subject to a creative element; or
- Provides a procurement methodology that allows for the assessment of a significant number of potential tenderers leading to a shortlisting process based on non-price assessment.

All EOI processes will be based upon qualitative and other non-price information only.

6.4.7 Unique Nature of Supply (Sole Supplier)

An arrangement with a supplier based on the unique nature of the goods or services required or for any other reason, where it is unlikely that there is more than one potential supplier may only be approved where the:

- a. purchasing value is estimated to be over \$10,000 and limited to \$250,000; and
- b. purchasing requirement has been documented in a detailed specification; and
- c. specification has been extensively market tested and only one potential supplier has been identified as being capable of meeting the specified purchase requirement; and
- d. market testing process and outcomes of supplier assessments have been evidenced in records, inclusive of a rationale for why the supply is determined as unique and why quotations / tenders cannot be sourced through more than one potential supplier.

An arrangement of this nature will only be approved for a period not exceeding one (1) year. For any continuing purchasing requirement, the approval must be re-assessed before expiry, to evidence that only one potential supplier still genuinely exists.

6.4.8 Anti-Avoidance

The Shire will not conduct multiple purchasing activities with the intent (inadvertent or otherwise) of "splitting" the purchase value or the contract value, so that the effect is to avoid a particular purchasing threshold or the need to call a Public Tender. This includes the creation of two or more contracts or creating multiple purchase order transactions of a similar nature.

Anti-avoidance activities are in breach of the Shire's Code of Conduct and Regulations and reportable to the Public Service Commission.

6.4.9 Contract Renewals, Extensions and Variations

Where a contract has been entered into as the result of a publicly invited tender process, then Functions and General Regulation 21A applies.

For any other contract, the contract must not be varied unless

- a. The variation is necessary in order for the goods or services to be supplied and does not change the scope of the contract; or
- b. The variation is a renewal or extension of the term of the contract where the extension or renewal options were included in the original contract.

Upon expiry of the original contract, and after any options for renewal or extension included in the original contract have been exercised, the Shire is required to review the purchasing requirements and commence a new competitive purchasing process in accordance with this Policy.

7 SUSTAINABLE PROCUREMENT

The Shire is committed to implementing sustainable procurement by providing a preference to suppliers that demonstrate sustainable business practices.

The Shire will apply Sustainable Procurement criteria as part of the value for money assessment to ensure that wherever possible our suppliers demonstrate outcomes which contribute to improved social and local economic outcomes.

Sustainable Procurement can be demonstrated as being internally or externally focussed.

7.1 Local Economic Benefit

The Shire promotes economic development through the encouragement of competitive participation in the delivery of goods and services by local suppliers permanently located within its District first, and secondly, those permanently located within its broader region. As much as practicable, the Shire will:

- a. consider buying practices, procedures and specifications that encourage the inclusion of local businesses and the employment of local residents;
- b. consider indirect benefits that have flow on benefits for local suppliers (i.e. servicing and support);
- c. ensure that procurement plans, and analysis is undertaken prior to develop Requests to understand local business capability and local content availability where components of goods or services may be sourced from within the District for inclusion in selection criteria;
- d. explore the capability of local businesses to meet requirements and ensure that Requests for Quotation and Tenders are designed to accommodate the capabilities of local businesses;
- e. avoid bias in the design and specifications for Requests for Quotation and Tenders – all Requests must be structured to encourage local businesses to bid;
- f. consider the adoption of Key Performance Indicators (KPIs) within contractual documentation that require successful Contractors to increase the number of employees from the District first; and
- g. provide adequate and consistent information to local suppliers.

To this extent, a weighted qualitative criterion will be included in the selection criteria for Requests for Quotation and Tenders where suppliers are located within the boundaries of the Shire, or substantially demonstrate a benefit or contribution to the local economy.

7.2 Socially Sustainable Procurement

The Shire will support the purchasing of requirements from socially sustainable suppliers such as Australian Disability Enterprises and Aboriginal businesses wherever a value for money assessment demonstrates benefit towards achieving the Shire's strategic and operational objectives.

A qualitative weighting will be used in the evaluation of Requests for Quotes and Tenders to provide advantages to socially sustainable suppliers in instances where the below tender exemptions are not exercised.

a. Aboriginal Businesses

Functions and General Regulation 11(2)(h) provides a tender exemption if the goods or services are supplied by a person on the Aboriginal Business Directory WA published by the Chamber of Commerce and Industry of Western Australian Limited, ABN 96 929 977 985, or a person registered with the Australian Indigenous Minority Supplier Office Limited (trading as Supply Nation), ABN 50 134 720 where the expected consideration under contract is worth \$250,000 or less.

This is contingent on the demonstration of value for money.

Where possible, Aboriginal businesses are to be invited to quote for supplying goods and services under the tender threshold. A qualitative weighting may be afforded in the evaluation of quotes and tenders to provide advantages to Aboriginal owned businesses or businesses that demonstrate a high level of aboriginal employment.

b. Australian Disability Enterprises

Functions and General Regulation 11(2)(i) provides a tender exemption if the goods or services are supplied by an Australian Disability Enterprise, as registered on www.ade.org.au.

This is contingent on the demonstration of value for money.

Where possible, Australian Disability Enterprises are to be invited to quote for supplying goods and services under the tender threshold. A qualitative weighting may be afforded in the evaluation of quotes and tenders to provide advantages to Australian Disability Enterprises.

8 RECORD KEEPING

All Local Government purchasing activity, communications and transactions must be evidenced and retained as local government records in accordance with the *State Records Act 2000* and the Shire's Record Keeping Plan.

9 PURCHASING POLICY NON-COMPLIANCE

The Purchasing Policy is mandated under the *Local Government Act 1995* and Regulation 11A of the *Local Government (Functions and General) Regulations 1996* and therefore the policy forms part of the legislative framework in which the Local Government is required to conduct business.

Where legislative or policy compliance is not reasonably able to be achieved, records must evidence the rationale and decision-making processes that substantiate the non-compliance.

Purchasing activities are subject to internal and external financial and performance audits, which examine compliance with legislative requirements and the Shire's policies and procedures.

If non-compliance with; legislation, this Purchasing Policy or the Code of Conduct, is identified it must be reported to the Chief Executive officer or the Chief Financial Officer.

A failure to comply with legislation or policy requirements, including compliance with the Code of Conduct when undertaking purchasing activities, may be subject to investigation, with findings to be considered in context of the responsible person's training, experience, seniority and reasonable expectations for performance of their role.

Where a breach is substantiated, it may be treated as:

- (a) an opportunity for additional training to be provided;
- (b) a disciplinary matter, which may or may not be subject to reporting requirements under the *Public Sector Management Act 1994*; or
- (c) where the breach is also identified as potentially serious misconduct, the matter will be reported in accordance with the *Corruption, Crime and Misconduct Act 2003*.

10 PAYMENT OF GOODS & SERVICES

To process efficiently and effect timely payments for goods and services purchased, purchase orders and invoices will be returned to staff and suppliers until satisfying policy and ATO requirements. This includes clearly stating the correct Shire purchase order number on an invoice submitted for payment.

A price preference will apply to quotations of \$5,000 value or greater and all tenders invited by the Shire of Exmouth, for the supply of goods and services and construction services, unless the Council resolves that this policy not apply to a particular quotation or tender.

Price Preference

A preference will be given to a regional tenderer/ respondent by assessing their tender/ quotation as if the price bids were reduced by:

- a. 10% (up to a maximum of \$50,000 excluding GST) for goods and services,
- b. 5% (up to a maximum price reduction of \$50,000 (excluding GST) for construction (building); or

Council Policy

Shire of Exmouth

- c. 10% to businesses located within the Shire of Exmouth (Prescribed Area) for the supply of goods or services, including construction (building) services, up to a maximum price reduction of \$500,000, if the Council is seeking tenders for the provision of those goods or services for the first time, due to those goods or services having been, until then, undertaken by the Council.

Regional Business Preference

This preference enables businesses/contractors within local governments in the Prescribed Area to claim a price preference for their whole bid, regardless of the origin of the labour or materials, as all labour and materials are deemed to be regional content.

The price of the bids from the local businesses/contractors will be reduced (for evaluation purposes only), by the amounts set out in this Policy.

Regional Content Preference

This preference provides an incentive for businesses/contractors outside the Prescribed Area to purchase goods, services, and construction from within the Prescribed Area.

The preference applies to the value of the goods, materials or services purchased from within the Prescribed Area and used in the Shire of Exmouth and are referred to as "Regional Content".

Businesses:

- outside the Prescribed Area, who claim that they will use regional businesses (Regional Content) in the delivery of the contract outcomes, may be required, as part of the contract conditions, to demonstrate that they have used them.
- wishing to claim a price preference must complete a preference questionnaire/response form that is distributed with each quotation of \$5,000 value or greater and which is also included in tender documentation.

Eligible businesses must clearly state their full business location and postal address.

Price is only one factor to be considered when assessing quotations and tender submissions.

Seeking Regional Price Preference Consideration and Proof of Eligibility

Regional tenderers or respondents to requests for quotations must indicate in writing that they wish the regional price preference to be considered in any one tender or quotation process.

Suitable proof of eligibility must be submitted with the tender or quotation process.

A supplier of goods or services who submits a tender is regarded as being a regional tenderer for the purposes of this Part if —

- a. that supplier has been operating a business continuously out of premises in the appropriate region for at least 6 months before the time after which further tenders cannot be submitted; or
- b. some or all the goods or services are to be supplied from regional sources.

Application of the Levels of Preference

The prices for goods and services submitted by an eligible business, contractor or supplier as defined in this policy may be either wholly supplied from within the prescribed area as the region or partly supplied from within the prescribed area as the region.

Council Policy

Shire of Exmouth

Only those goods or services supplied from within the prescribed area as the region will be included in the discounted calculations that form part of the assessment of a tender or proposal when this policy is in operation.

Consideration in an RFQ or Tender Process.

The Regional Price preference is an input into a procurement process only and is a part of a wider process of assessing price and performance under qualitative criteria.

The tender/ quotation process overall will determine what is the best procurement outcome for the Shire of Exmouth.

11. Hospitality expenditure may only occur when it is authorised by the Chief Executive Officer.
12. Cardholders responsibilities, as outlined by the card provider are to be met at all times.
13. The cardholder is responsible to pursue and resolve incorrect charges (as due to privacy legislation, only the cardholder can initiate any request for information from the bank).

- the names of any employees in that number; and
- the purpose of providing the entertainment or hospitality.

Cardholder Agreement

- All cardholders are to sign the corporate credit card agreement.
- failure to comply with any of these requirements could result in the card being withdrawn from the employee.
- in the event of loss or theft through negligence or failure to comply with this Policy any liability arising may be passed on to the cardholder.

Misuse, Misconduct and Fraudulent Use

Any alleged misuse of transaction cards will be investigated and may be subject to disciplinary procedures.

Where there is reasonable suspicion of misconduct or fraudulent activity arising from transaction card facilities the matter will be reported to the appropriate regulatory agency, subject to the requirements of the *Public Sector Management Act 1994* and the *Corruption, Crime and Misconduct Act 2003*.

- when a Cardholder believes that charges are incorrect, they should first contact the supplier to determine the causes of the discrepancy and if necessary, the Finance Department will notify the bank in writing.
- any amounts in dispute must be highlighted on the copy of the Cardholders statement and a copy of the written notification to the bank attached.

Review of Card Use

All receipts and documentation will be reviewed and any expenses that do not appear to represent fair and reasonable business expenses shall be referred to the Chief Executive Officer for a decision.

The investment portfolio will ensure there is sufficient liquidity to meet all reasonably anticipated cash flow requirements, as and when they fall due, without incurring significant costs due to the unanticipated sale of an investment.

The investment is expected to achieve a predetermined market average rate of return that considers the council's risk tolerance.

|-----------|------------|---------|--------------|
| AAA – AA | A1+ | 100% | 50% |
| A | A1 | 75% | 50% |
| BBB | A2 | 50% | 20% |

Risk Management Guidelines

Investments are to be considered in light of the following criteria:

- Preservation of Capital – avoiding losses in an investment portfolio
- Credit Risk – Risk of loss that a party or guarantor will fail to fulfil its obligations
- Diversification – requirement to place investments in a broad range of products so as not to be over exposed to a particular investment market
- Liquidity Risk – risk of running out of available cash flow. Unable to redeem investments at a fair price or incurring costs to make cash available.
- Market Risk – the risk that fair value or future cash flows will fluctuate due to changes in market price.

Shire of Exmouth

Shire deploys best practice management, skills and methodology to ensure that Shire asset management is delivered economically and in a sustainable manner.

Adopting these asset management principles will assist the Council in achieving its Strategic Plan and Long-Term Financial objectives.

A strategic approach to Asset Management will ensure that Council delivers the highest appropriate level of service through its assets, which is economically viable, while aiming to achieve the key performance indicators and objectives for asset consumption ratio, asset sustainability ratio and asset renewal funding ratio as defined in the Shire's Asset Management Strategy.

The Shire will adhere to the following core principles in planning and decision making relating to the selection, creation/acquisition operation, maintenance, and renewal/disposal of all infrastructure assets:

- Service delivery drives asset management practices and decisions
- Asset planning and management has a direct link with the Councils corporate and business plan including the Long-Term Financial plan.
- Application of Renewal or Upgrade for assets is appropriate
- Use of a Capital works priority evaluation process for new projects. A business case will be prepared as part of the initial formulation of capital works proposals.
- New or upgrade projects funded by grants are to include full lifecycle (whole of life costs) as part of project evaluation
- Assess opportunities for rationalization and multiple use
- Asset management plans are to be developed for the Shire's assets and will be informed by community needs as identified in the Strategic Community Plan.

Asset management requires a whole of organisation approach and involves the participation of, and is the responsibility of the Council, Executive and Shire staff.

The Shire will implement procedures that ensure the asset database is maintained and updated to support and provide required reports to Council to meet their statutory responsibilities.

Related Party Transaction A transfer of resources, services or obligations between the Shire of Exmouth and a related party, regardless of whether a price is charged.

The disclosure requirements apply to the existence of relationships regardless of whether a transaction has occurred or not.

For each financial year, the Shire of Exmouth must make an informed judgement as to who is considered a related party and what transactions need to be considered, when determining if disclosure is required.

Proper procedure is to be followed to enable an informed judgement to be made from the information requested from related parties.

Local Government (Financial Management) Regulations 1996, Regulation 5A, requires Council to prepare its general financial statements in compliance with the Australian Accounting Standards, this now includes the AASB 124.

Requirements

- All key management personnel are to complete the Related Party Disclosures – Declaration form,
- All Related Party Transactions must be disclosed,
- Ordinary Citizen Transactions (OCTs) are to be reviewed every year by Management,
- Shire of Exmouth has a legal obligation to report on Related Party Disclosures annually,
- Disciplinary action may occur for breach of this policy.

Identification of Related Parties

AASB 124 provides that local governments are to disclose in their Annual Financial reports, related party relationships, transactions, and outstanding balances.

Key Management Personnel (KMP)

Related Party Transactions

Ordinary Citizen Transaction For the purpose of this Policy, an Ordinary Citizen Transaction is one that occurs between the Shire and KMP and/or related parties which satisfy the following criteria.

The transaction must:

- occur during the normal course of the Shire delivering its public service goals,
- be under the same terms that would be available to a member of the community; and
- belong to a class of transaction that an ordinary member of the community would normally transact with the Shire.

This includes for example facility hire, and the payment of rates and dog registrations. There is no obligation to disclose Ordinary Citizen Transactions. Transactions between the Shire and Related Parties that would normally be considered Ordinary Citizen

Transactions but where the terms and conditions differ from normal practice, however, must be disclosed.

Non-ordinary Citizen Transactions

All related party transactions that do not satisfy the definition of an Ordinary Citizen Transaction must be disclosed in accordance with AASB 124.

The following are examples of transactions that must be disclosed if they are with a related party and are not an Ordinary Citizen Transaction:

- purchases of sales or goods (finished or unfinished),
- purchases or sales of property or other assets,
- rendering or receiving services,
- leases,
- transfers of research and development,

➤ details of any guarantees given or received.

- provisions for doubtful debts related to the amount of outstanding balances; and
- the expense recognised during the period in respect of bad or doubtful debts due from related parties.

The following matters must be considered in determining the materiality and significance of any related party transactions:

- significance of transaction in terms of size,
- whether the transaction was carried out on non-market terms,
- whether the transaction is outside normal day-to-day business operations, such as the purchase and sale of assets,
- whether the transaction is disclosed to regulatory or supervisory authorities,
- whether the transaction has been reported to senior management; and
- whether the transaction was subject to Council approval.

Regard must also be given for transactions that are collectively, but not individually significant. All transactions involving related parties will be captured and reviewed to determine materiality or otherwise of such transactions, if the transactions are Ordinary Citizen Transactions (OCTs), and to determine the significance of each of the transactions.

Key Management Personnel disclosure

In accordance with this Policy, KMP must provide a Related Party Disclosure via Attain (the Shire's compliance suite), between 15 June – 30 June.

Review of Related Parties

A review of KMP's and their related parties will be reviewed annually.

Events, such as a change of Council Members, Chief Executive Officer, Chief Officers or Executive Managers or a corporate restructure will also trigger a review of the Shire's related parties immediately following such an event.

CS010 Debt Recovery Processes

OBJECTIVES

To establish guidelines that ensure consistency and transparency in the recovery of outstanding debts and to recover outstanding income in a timely manner.

POLICY STATEMENT

Note: This Policy should be read in conjunction with the Financial Hardship Policy.

Rates and Charges:

Rate notices are due for payment 35 days from date of issue in accordance with the *Local Government Act 1995*.

Amounts that remain outstanding past the due date will have interest applied. Interest is calculated on the number of days after the due date until the day the payment is received.

Reminder Notices

Where rates are outstanding for 35 days after the issue date, and no prior written arrangement has been made with authorized Council Officers a Reminder Notice will be issued and give the ratepayer fourteen (14) days to either pay the outstanding amount in full or enter an alternate payment arrangement which has been agreed by both parties.

Final Notices

Where rates remain outstanding for 14 days after the reminder notice has been issued a final notice will be issued. The final notice will give the ratepayer fourteen (14) days to either pay the outstanding amount in full or enter an alternate payment arrangement which has been agreed by both parties.

Reminder and Final notices are not to be issued to eligible persons registered to receive a pensioner or senior rebate under the Rates and Charges (Rebates and Deferrals) Act 1992, as such persons have until 30 June of the current financial year to make payment, without incurring any penalty interest.

Reminder and final notices will, however, be issued to registered pensioners or seniors where unpaid charges are not subject to a rebate or deferment.

Direct Follow-up

- Where amounts remain outstanding after the final notice period, the Shire Rates Officer will attempt to directly contact the property owner subject to the contact details listed for the property. The Rates Officer will attempt to formalise a payment arrangement and/or explain that further debt collection may follow if a payment arrangement cannot be made. Contact will be attempted in the following order subject to the contact options available for the property: Phone-call
- Email

- Physical Letter

Legal Action

Where no contact details are available on the property or amounts remain outstanding after a direct attempt to contact has been made, legal action will commence. Under the guidance of Council's debt collection service provider, legal action may be undertaken to recover outstanding rates and service charges. This action may include General Procedure Claims and Property Seizure and Sale Orders (Goods).

Any costs incurred in undertaking legal action in a Court of Competent Jurisdiction are recoverable from ratepayers under section 6.56 of the *Local Government Act 1995*.

Seizure of Rent for non-payment of Rates

Where the property owner of a leased or rented property on which rates and service charges are outstanding cannot be located or refuses to settle rates and service charges owed, a notice may be given to the lessee or tenant under the provision of Section 6.60 of the *Local Government Act 1995* requiring the lessee or tenant to pay to the Shire the rent due that they would otherwise pay under the lease/tenancy agreement as it becomes due, until the amount in arrears has been paid.

Property owners will be informed prior to a notice being given to the lessee or tenant and lessees and tenants will be given a receipt of payment of rent to present to their landlord or property manager as proof of payment.

Options to recover rates debt where rates in arrears are more than three (3) years:

- Lodging a Caveat on the Title for Land: If rates and service charges which are due to Council in respect of any rateable land have been unpaid for at least three (3) years a caveat may be registered on the title for the land, under provision of section 6.64 (3) of the *Local Government Act 1995*. The approval of Council is required before this course of action is undertaken.
- Sale of Property: If rates and service charges which are due to Council in respect of any rateable land have been unpaid for at least three (3) years, Council may take possession of the land under the provisions of Section 6.64 of the *Local Government Act 1995*. The approval of Council is required to be obtained before this course of action is undertaken.

Sundry Debtors:

First and Final Notice

Where amounts remain outstanding 30 days after invoice, and no prior written arrangement has been made with authorised Council Officers, a First and Final Notice will be issued, and the customer will be given seven (7) days (final notice period) to either pay the outstanding amount in full or to enter into an alternate payment arrangement which has been agreed by both parties.

Where the customer fails to pay the outstanding balance within the final notice period, a "Letter of Demand" will be issued. This letter will give the customer a further seven (7) days (final demand period) to pay the outstanding balance in full.

Council Policy

Shire of Exmouth

Direct Follow-up

Where amounts remain outstanding after the final demand notice period, and a phone number is listed as an available contact method, the Shire Finance Officer will attempt to directly contact the debtor to seek clarification on why the invoice is not paid and when to expect payment.

Legal Action

Where amounts remain outstanding after the final notice period, and no prior written arrangement has been made with authorised Council Officers, credit may be suspended, or services limited.

Where amounts remain outstanding after 90 days, and direct contact has been attempted, legal action may commence.

Under the guidance of Council's debt collection service provider, legal action may be undertaken to recover outstanding sundry debtors. This action may include General Procedure Claims.

Any costs incurred in undertaking legal action will be added to the outstanding debt of the customer.

CS011 Financial Hardship Policy

OBJECTIVES

This policy is intended to ensure we offer fair, equitable, consistent and dignified support to debtors suffering hardship, while treating all members of the community with respect and understanding at difficult time. The Shire of Exmouth's (Shire) position on allowing flexibility for payments on overdue debtor and rates where extreme financial hardship is recognised and outlines the scope and criteria for assessing applications of financial hardship.

POLICY STATEMENT

The Shire recognises that there are cases of genuine financial hardship where additional charges would cause the debtor or ratepayer further financial hardship. This policy establishes guidelines to ensure all applicants are treated with respect, equality and confidentiality.

The policy is not intended to provide relief to debtors and ratepayers who are not able to evidence financial hardship and the statutory provisions of the *Local Government Act 1995* and *Local Government (Financial Management) Regulations 1996* will apply.

DESCRIPTION OF HARDSHIP

1. Payment difficulties, hardship and vulnerability*

Payment difficulties, or short-term financial hardship, occur where a change in a person's circumstances result in an inability to pay a rates or service charge debt.

Financial hardship occurs where a person is unable to pay rates and service charges without affecting their ability to meet their basic living needs, or the basic living needs of their dependants.

This policy is intended to apply to all ratepayers and debtors experiencing financial hardship regardless of their status, be they a property owner, tenant, business owner etc.

* Adapted from the Ombudsman Western Australia publication, Local government collection of overdue rates for people in situations of vulnerability: Good Practice Guidance:

<http://www.ombudsman.wa.gov.au/>

2. Financial Hardship Criteria

While evidence of hardship will be required, we recognise that not all circumstances are alike. We will take a flexible approach to a range of individual circumstances including, but not limited to, the following situations:

- Recent unemployment or under-employment
- Sickness or recovery from sickness
- Low income or loss of income
- Unanticipated circumstances such as caring for and supporting extended family

People applying for hardship are encouraged to provide any further information about their individual circumstances that may be relevant for assessment. This may include demonstrating a capacity to make some payment and where possible, entering into a payment proposal.

We will consider all circumstances, applying the principles of fairness, integrity and confidentiality whilst complying our statutory responsibilities.

3. Payment Arrangements

Payment arrangements facilitated in accordance with Section 6.49 of the Act are of an agreed frequency and amount. These arrangements will consider the following:

- That a ratepayer or debtor has made genuine effort to meet rate and service charge obligations in the past;
- The payment arrangement will establish a known end date that is realistic and achievable;
- The ratepayer or debtor will be responsible for informing the Shire of Exmouth of any change in circumstance that jeopardises the agreed payment schedule.

In the case of severe financial hardship, we reserve the right to consider waiving additional charges or interest.

4. Interest Charges

A debtor that meets the Financial Hardship Criteria and enters into a payment arrangement may not incur an interest charge for as long as payments are made in accordance with the agreed payment plan.

5. Deferment of Rates

Deferment of rates may apply for ratepayers who have a Pensioner Card, State Concession Card or Seniors Card and Commonwealth Seniors Health Care Card registered on their property in accordance with *Rates and Charges (Rebates and Deferments) Act 1992*. The deferred rates balance:

- remains as a debt on the property until paid;
- becomes payable in full upon the passing of the pensioner or if the property is sold or if the pensioner ceases to reside in the property;
- may be paid at any time, BUT the concession will not apply when the rates debt is subsequently paid (deferral forfeits the right to any concession entitlement); and
- does not incur penalty interest charges.

6. Debt Recovery

We will suspend our debt recovery processes whilst negotiating a suitable payment arrangement with a debtor. Where a debtor is unable to make payments in accordance with the agreed payment plan and the debtor advises us and makes an alternative plan before defaulting on the 3rd due payment, then we will continue to suspend debt recovery processes.

Where a ratepayer has not reasonably adhered to the agreed payment plan, then for any Rates and Service Charge debts that remain outstanding at the end of the financial year, we will offer the ratepayer one further opportunity of adhering to a payment plan that will clear the total debt by the end of the following financial year. Rates and service charge debts that remain outstanding after this, will then be subject to the rates debt recovery procedures prescribed in the *Local Government Act 1995*.

Council Policy

Shire of Exmouth

7. Review

We will establish a mechanism for review of decisions made under this policy and advise the applicant of their right to seek review and the procedure to be followed. All applications are to be reviewed and approved by the Chief Financial Officer.

8. Communication and Confidentiality

We will maintain confidential communications at all times and we undertake to communicate with a nominated support person or other third party at your request.

We recognise that applicants for hardship consideration are experiencing additional stressors and may have complex needs. We will provide additional time to respond to communication and will communicate in alternative formats where appropriate. We will ensure all communication with applicants are clear and respectful.

CS013 Multiple Dogs

OBJECTIVES

To ensure that multiple dog applications are treated in a fair and consistent manner having regard to the relevant Acts, Regulations, Local Laws and not to create disharmony in the immediate neighbourhood due to problems that could occur through having multiple dogs on a single property.

POLICY STATEMENT

“Premise” – means the property or properties owned or occupied by the applicant. Where a property consists of more than one land title, all parcels of land together shall be deemed to be one premise.

CS015 Drones

OBJECTIVES

To describe the expectations of the Shire of Exmouth in relation to use of drones within the Shire, especially at Shire property.

POLICY STATEMENT/S

Drones are a major part of modern society, and more people are using them every year. Drone operators are discovering many new and creative ways to utilise drones for recreational and business purposes including emergency services.

Drone usage is not regulated by Local Governments.

The Civil Aviation Safety Authority (CASA) Australian is the national authority for the regulation of civil aviation - which includes drone regulations and certifications - and can also provide help and assistance to community members concerned about drone use.

The Shire is not positioned to enforce laws pertaining to drone use unless it is being used in a public area where “remotely controlled aircraft” use is not permitted.

Recreational Use - Flying in Shire of Exmouth Public Space

In accordance with the Civil Aviation Safety Authority:

Drone operators must:

- Only fly one drone at a time.
- Always fly the drone within visual line-of-sight — this means:
 - Flying only during the day.
 - Avoid flying in cloud, fog, or heavy rain.
 - Be able to always see the drone with their own eyes — not by using binoculars or watching a video screen.
 - Ensure the drone is not flying behind trees, buildings, or anything else that interrupts the line of sight.
 - Respect personal privacy. Don’t record or photograph people without their consent — this may breach other laws and result in trouble with the Police.

Drone operators must not fly a drone:

- Higher than 120 m (400 ft) above ground level — that's about the height of a 35-storey building or length of a football field.
- Closer than 30 m to people — other than those helping to fly or navigate the drone.
- Over or above people at any time or height.
- Over or near an area affecting public safety.
- In a way that creates a hazard to another person, aircraft, or property.
- Near emergency situations. This could include situations such as a car crash, police operations, a fire or firefighting efforts or search and rescue etc.

Council Policy

Shire of Exmouth

- In prohibited or restricted airspace.
- Closer than 5.5 km to a controlled aerodrome or airfield (usually those with a control tower), if the drone weighs more than 100 g.

Operators may operate a drone within 5.5 km of a non-controlled aerodrome or helicopter landing site only if:

- There are no manned aircraft (one or more people inside) flying to or from the aerodrome.
- It lands as soon as safely possible if any manned aircraft flying to or from the aerodrome.
- The operator stays outside the airfield boundary.
- It does not operate in approach or departure paths

Commercial Use - Flying in Shire of Exmouth Public Space

All commercial use of drones must adhere to the CASA regulations in relation to drones.

If it is contemplated using a park or reserve whilst flying a drone for commercial use, then apply to the Shire. Fees may apply.

It is illegal to fly for money or reward unless the operator holds a remote pilot licence (RePL) or is flying in the excluded category (sub-2 kilogram or private landholder).

Reporting Unsafe Flying

Any suspected breaches of the above rules should be reported to CASA.

Fines of up to \$1,050 can be issued per offence. If the matter is taken to court, fines of up to \$10,500 can be imposed.

CS019 Sponsorships

OBJECTIVES

To establish principles for sponsorship agreements entered between the Shire of Exmouth and external parties and to provide guidelines for how the Shire will seek sponsorship as well as the assessment and management of requests for donations and waiver of Shire fees and charges.

Sponsorship is the contribution of financial and/or “in kind” support that the Shire of Exmouth receives or provides for the purpose of partnering in the provision of community infrastructure, a service or program, event or activity that may contribute to the wellbeing, economic, social, environmental or cultural development of the Shire.

Sponsorships are undertaken or entered, to help achieve the Shire of Exmouth’s community strategic pillars:

1. Social
2. Natural
3. Built Environment
4. Economy
5. Governance and Leadership

POLICY STATEMENT/S

Council acknowledges that sponsorship can provide significant benefits to the Shire of Exmouth and the community and will consider sponsorship opportunities under three streams depending on the nature of the request and where the greatest benefits are to be achieved; economic, community or donations.

1. Economic; events that attract majority participation and visitation from outside of the region, that reinforce the Exmouth and Ningaloo brands and generate economic benefits by generating additional revenue streams into the local economy. Events must be held in low and shoulder visitor periods to encourage new visitation.
2. Community; community events/ programs/projects that are organised by local community groups and are designed to attract a local audience, create local vibrancy, increase participation, are conducted safely and in many cases raise funds or awareness for local organisations ongoing sustainability.
3. Donations; in some instances, the Shire will receive requests from community groups for donation of money, gifts or other forms of contribution where no clear benefit can be measured.

Economic; where the benefits are assessed as primarily economic in nature the following principles apply:

- Funding is available to not-for-profit, incorporated organisations, and commercial organisations that can clearly demonstrate their event will deliver significant additional economic benefit to the Exmouth region and is open year-round.
- Council invites sponsorship proposals for significant events staged within the Shire of Exmouth boundary under its “**Major Events Sponsorship Program**” (MESP) up to the value of \$5,000 ex GST per event each year.
- The MESP is an annual funding program where eligible applicants can apply for sponsorship support for the delivery of major events that have the potential to deliver significant economic outcomes to Exmouth.

- The MESP is designed to encourage the attraction and delivery of major events that inject increased expenditure into the region.
- Applicants for MESP must demonstrate (explain) how their event has the potential to deliver significant economic outcomes to the Shire of Exmouth.
- A sponsorship agreement outlining the full terms and conditions of the agreement will be recorded in writing and signed by both parties.
- All sponsorship arrangements will be described in the annual report in a manner commensurate with the significance of the sponsorship.
- Applicants to refer to the Major Events Sponsorship Program guidelines.
- Acquittals must be received within six weeks of the event/program/project completion.
- Commercial (for profit) event organisers will be required to submit a formal sponsorship application that will require Council consideration and approval.

CS020 Emergency Overflow Camping Grounds

OBJECTIVES

To provide overflow facilities in the Shire that will accommodate additional numbers of camping tourists when permanent caravan parks and camping grounds facilities within the Shire are operating at or near capacity and to ensure that the operation of overflow sites/facilities within the Shire of Exmouth complies with legislative requirements.

Due regard will be had for the impact on permanent operators and is balanced with the additional economic benefit to the destination from a greater capacity in peak demand periods.

POLICY STATEMENT

Part A

This section relates to the use of overflow camping sites within the existing licenced caravan parks within the Shire of Exmouth. Each caravan park is issued with a limited number of overflow sites in accordance with the Caravan Parks and Camping Grounds Act & Regulations. These are the only sites that may be used as an overflow facility. All such bays will be identified on the caravan parks license and can only be used during the peak holiday periods and in accordance with the conditions detailed on the licence.

Part B

This section relates to the establishment and operation of a self-contained Recreational Vehicles emergency overflow facility. For the purposes of this policy, self-contained Recreational Vehicles includes all buses, over-size motorhomes and large caravans that are completely independent of needing power, water, waste services, sewerage and sullage points. It does not include any trailer or tent.

The Shire may establish an overflow area for self-contained Recreational Vehicles when there are no vacancies for vehicles of this nature available at any caravan park within the Exmouth townsite boundary (as defined in attached map to this policy) of the Shire of Exmouth. A camper is permitted to book for up to 3 consecutive days at the overflow if it is believed that there are no available spaces for the required length of stay in the caravan parks during the 3-day period.

The maximum stay at the Exmouth Shire Council self-contained Recreational Vehicles Overflow Camping facility is to be a maximum of 3 consecutive days. Authorized campground hosts may stay longer than the maximum period at the Overflow Camping grounds.

The self-contained Recreational Vehicle overflow shall be primarily based between the Arboretum and the Tennis courts on Willersdorf Road, although specific circumstances may arise requiring the site to be temporarily relocated e.g., heavy rainfall or increased numbers. Temporary relocation of the Overflow will be at the discretion of the Chief Executive Officer.

Fees for camping at this facility shall be determined in accordance with Shire of Exmouth Schedule of Fees and Charges.

The maximum number of vehicles allowed in self-contained Recreational Vehicles overflow facility area will be determined based on allocated spacing between vehicles, size of vehicles (whether they have trailers), turning circles, and usable space in the allocated area.

Dogs are permitted in this overflow camping area but must always be held on a leash and be under the control of a responsible person.

Part C

This section relates to the Shire of Exmouth Overflow Camping Grounds.

Where there are no vacancies available at all existing Caravan Parks within the Exmouth townsite boundary (as defined in attached map to this policy), including approved overflow sites within the licensed Caravan Parks, the Shire of Exmouth, at the discretion of the Chief Executive Officer, may authorise the operation of Overflow Camping Grounds at the following locations: -

- Designated overflow bays east of Koobooroo Oval – under the supervision of Council’s Ningaloo Visitor Centre staff and/or the authorized Camp Host,
- Niblett Park under the supervision of Council’s Ningaloo Visitor Centre staff and/or the authorized Camp Host, and
- Any additional areas at the discretion of the Chief Executive Officer including participating local community or sporting group facilities.

Overflow sites are to be identified for use and occupancy levels determined as approved by the Chief Executive Officer.

The maximum stay at the Exmouth Shire Council Emergency Overflow Camping facilities is to be a maximum of 3 consecutive days. Authorised campground hosts may stay longer than the maximum period at the Overflow Camping grounds. A camper is permitted to book for up to 3 consecutive days at the overflow only if it is believed that there are no available spaces for the required length of stay in the caravan parks during the 3-day period.

During the utilisation of the Koobooroo and Niblett oval overflow sites, the Council's Ningaloo Visitor Centre staff are to resolve any unforeseen problems arising except where a campground host has been appointed, in which case the campground host is responsible for day to day supervision and management of the facility. In relation to community/sporting group facilities approved for overflow operations the respective management committees of these groups and/or their appointed campground host are to resolve any unforeseen problems arising and are responsible for day-to-day supervision and management of the facility.

Fees for camping at the overflow facilities (Shire and participating local community and sporting groups) shall be determined in accordance with Council’s Annual Schedule of Fees and Charges.

The Ningaloo Visitor Centre will be the booking agency for all Shire and community/sporting group overflow facilities and charge standard booking commissions on transactions at levels as approved in Council’s Annual Schedule of Fees and Charges.

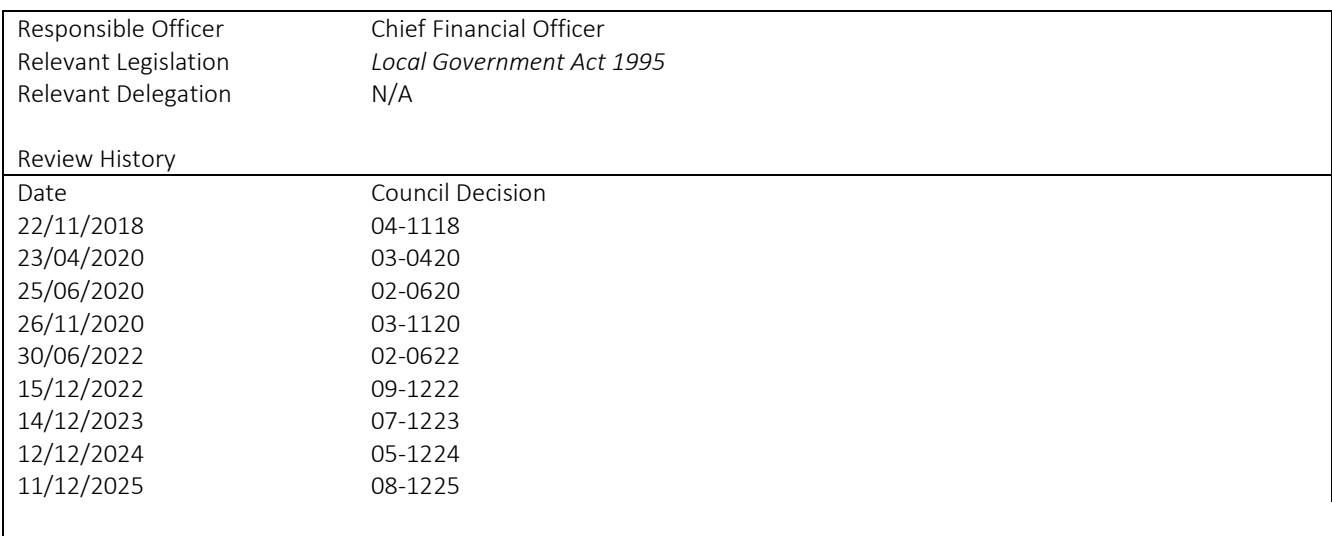

Dogs are permitted in the above overflow camping areas but must always be held on a leash and be under the control of a responsible person.

Additional locations may include local community and/or sporting groups that possess all relevant facilities, insurances, and onsite management plan to manage an overflow site.

Use of clothes washing machines are prohibited at overflow sites where sullage disposal facilities are not provided.

Patrons are to use the public laundry in the Central Business District or other approved accessible facility.

CS022 Leases and Licences

PURPOSE

The purpose of this policy is to ensure decisions about the granting of leases and licenses are made transparently and in accordance with established criteria. This policy also aims to ensure that the use of Shire property and facilities is optimised, provides community benefit and meets all legal requirements.

POLICY

The Shire of Exmouth owns, manages under order, and sub leases certain land, facilities and buildings throughout the district and may from time to time choose to enter into leasing and licensing arrangements with individuals, not for profit organisations and commercial businesses.

The Shire, as the asset owner, is responsible for providing safe, and compliant facilities and ensuring that any proposed usage is appropriate to the type and location of facilities.

This policy recognises the variety and diversity of leases and licenses and that no one particular style of lease or licence is appropriate for all purposes. This policy will ensure that all requests for lease or licence for whatever purpose will be treated in a fair and equitable manner using open and accountable methodology and in line with statutory procedures.

Occupancy Arrangements

A lease or a licence is a contractual agreement between Council (lessor or licensor) and another party (lessee or licensee) that binds both parties to the terms of the agreement.

The individual circumstances surrounding the land, facilities and buildings and the needs of the users will determine whether granting a lease or a licence is appropriate using the guiding principles detailed in this policy.

| Category | Application | Term |
|-----------------|---|--|
| Lease Agreement | Exclusive use of whole or portion of a facility or land, at all times (subject to terms set out in lease agreement) | <p>Commercial Leases</p> <ul style="list-style-type: none"> • lessees to be offered a sufficient tenure period to allow a reasonable opportunity to establish a business. • <u>Maximum</u> term - 10years with a further renewal option of up to 10 years. <p>Community/Not-for-Profit Leases</p> <ul style="list-style-type: none"> • only provided when a lease is required to attract funding, or to invest funds for capital improvements. • <u>Maximum</u> term - 5 years with a further renewal option of up to 5 years. |

| | | |
|-------------------|---|---|
| | | <p>All Renewal options are at the sole and absolute discretion of the Shire.</p> <p>Length of tenure should be commensurate with level of investment committed or planned by the lessee.</p> <p>Not revocable</p> |
| Licence Agreement | <p>Non-exclusive continued use of the whole or portion of a facility or land for an agreed amount of time (subject to conditions of licence agreement)</p> <p>Preferred option for community groups/not for profit organisations.</p> | <p>Term - 1 to 5 years may include annual reviews at the Shires discretion</p> <p>Revocable</p> |

Land / Facility Types

| Category | Application |
|--|--|
| Land and building assets owned in fee simple or subleased to the Shire under commercial terms | Every effort should be undertaken to ensure a full commercial return is achieved based on market valuations |
| Land and building assets managed by the Shire under a management order for civic or community purposes | <p>Preference to co-locate appropriate community groups and not-for-profit entities.</p> <p>Encourage multi-use arrangements to maximise the benefit to the community.</p> |

Consideration of Occupancy Proposals

Prior to the granting of a lease/licence, a prospective Occupant must present an evidence-based business case proposal to demonstrate that its activities respond effectively to identified community needs and its internal capacity to meet the terms of an Occupancy Arrangement.

The table below outlines the requirements and considerations of such a proposal:

| Organisation to Provide | Shire Assessment Factors |
|---|---|
| Community Benefit | |
| Provide an evidence-based response to demonstrate how the proposed service or activity will address an identified community need. | <ul style="list-style-type: none"> • Evidence of demand for the service or activity • Evidence that proposed service or activity will address the identified community need and is not duplicating and existing service or activity in the area • Evidence of consultation with other organisations and/or broader community to identify opportunities for collaboration |

Are modifications to be removed at termination of occupancy, returning the building and/or site to its original condition If not removed, does Shire have the capacity to maintain the modifications/improvements |
| Organisational management structure | Does the organisation have the capacity (human resources) to fulfil its obligations and the proposed services under the occupancy arrangement? |

| History of the organisation (including and financial contributions) | Does the organisation have any history in relation to the facility? Does the organisation have a connection with the surrounding area? |
| Environmental Impact | |
| Proposed sustainable practices | Does the organisation offer an environmentally sustainable service? |

Leases - Rent

The Shire aims to balance a fair and reasonable contribution from the users of community facilities with the subsidy required from the collection of rates. The Shire may subsidise rent for not-for-profit organisations based on the Shires assessment of their submitted occupancy proposal. The following rent categories will apply:

| Category | Annual Rent | Eligibility |
|--------------------------------|--|---|
| Peppercorn Rent | \$1.00 per annum | <p>Not-for-profit organisation</p> <ul style="list-style-type: none"> Provides significant and extensive community benefit Has limited revenue raising ability (net cost of services) Run predominantly by volunteers <p><u>Non-Standard Peppercorn:</u></p> <ul style="list-style-type: none"> Building fully or substantially funded or constructed by proposed occupant. |

Variations / Special Considerations

The Shire will consider proposals for variations and special conditions for Occupancy Arrangements on a case by case basis, with the understanding that:

- No basic aspects of the Lease or Licence Policy are to be contravened or subverted
- These are unique to the Occupier, Building / Land or Usage conditions or requirements
- These do not require undue additional cost to the Shire either in the short term or long term
- These are conditional on Council approval

Insurances and Indemnities

The following outlines the standard lease or licence conditions (unless otherwise agreed)

Licence Fees

A licence can be issued for no annual fee. As a minimum community groups will be required to reimburse the Shire for an agreed share of utilities, consumables and building insurance costs. The licensee will also be responsible for cleaning and maintaining the facility in a well-presented state.

This policy recognises that in relation to *commercial* leases, lessees enter in a *commercial business tenancy relationship* with the Shire and that, once approved, the management of such leases and relationships is an operational matter within the responsibilities of the Chief Executive Officer.

Capital Improvements and/or Facility Modifications

All improvements and permanent structures erected on Council property remain the property of Council, irrespective of who paid for the structure, unless when the lease is terminated all improvements made or structures erected are removed, returning the building and/or site to its original condition. This includes the removal of all material, debris and services from the site and the restoration of the building and/or site to the original condition when the Lessee took occupancy of the premises (this may involve the replanting of trees and landscaping). The only exception to this requirement is where the Council through the Chief Executive Officer agrees to accept partial restoration and/or financial compensation in lieu of full restoration or Council through the Chief Executive Officer determines there is value in Council retaining the improvements or modifications made to a site, or portion thereof.

OIS001 Naming of Roads, Parks, Places, and Buildings

OBJECTIVES

The purpose of this Policy is to assist Council to appropriately deal with and assess proposals to name a Shire Road or Shire Asset.

POLICY STATEMENT/S

Shire Asset - any park, garden, reserve, memorial, sporting ground or building or other infrastructure asset owned or under the care, control, or management of the Shire of Exmouth.

Shire Road - any Road or variation of Road, including street, place, boulevard, etc

Naming Considerations

Council may consider naming a Shire Asset in honour of persons considered to be pioneers, persons who have made an outstanding humanitarian contribution or who, in the opinion of the Council, are worthy of such an honour. This may also be in acknowledgement of events of historical, environmental, or cultural significance or collective community action.

Where personal names are used, the person commemorated should preferably be recognised in memoriam.

To facilitate ease of geographical identification and identification of purpose, where possible a locality name and purpose should be associated with the naming of a Shire Asset, even when it is determined that an honorary name will be applied.

In general terms, naming should use the form, spelling and style of contemporary Australian English or a recognised Australian Aboriginal language local to the area of the feature.

Where applicable and always in the first instance, naming guidelines as set out in Policies and Standards for Geographic Naming in Western Australia will be adhered to. The Shire must apply to Landgate for the naming of Shire Roads.

Renaming will only occur in an extraordinary case or where a name is no longer deemed appropriate.

The use of Aboriginal names and words for naming features are a way of recognising the different enduring cultural and language groups.

Names originating from an Australian Aboriginal language local to the area must be written in a standard recognised format and their use shall be endorsed by the recognised local community. Evidence of this endorsement must be included with the naming proposal.

A proposal to name a significant Shire Asset can be put forward to Council for consideration by:

- a Council Member by way of a notice of motion,
- an employee via a report to Council,
- a member of the public via a submission to the CEO; or

Council Policy

Shire of Exmouth

- users of a facility via a submission to the CEO.

Any proposal to name a significant Shire Asset will include:

- details of the proposed Shire Asset to be named,
- proposed name; and
- justification for the proposal.

Through its consideration Council may endorse the name or determine that the proposal requires further community consultation, subject to policy statement below:

Criteria for Assessment for Personal Recognition

A request to name a Shire Asset after a person shall be assessed against the following criteria:

- whether the person being honoured has been instrumental in the development of the Shire asset or activities to be undertaken or contributed in a significant way to the Shire asset,
- the views of the community with respect to honouring the person or event after which the Shire asset is proposed to be named,
- the length of residency of the person proposed. For the purposes of guidance, residency of ten (10) years or more in a relevant location is likely to qualify a person for further consideration,
- the contribution made by the person to the local community through areas such as education, representation on Council or another level of government, volunteering, association with local sporting or service club or through business development.

A significant contribution could include:

- two (2) or more terms of office on the local government Council,
- twenty (20) or more years association with a local community, sporting, or service club,
- action by an individual to protect, restore, enhance, or maintain an area that produces substantial long-term improvements for the community of area; or
- evidence of works undertaken being of a pioneering nature for the benefit of the community

OIS002 Memorials in Road Reserves, Parks, Foreshores etc

OBJECTIVES

The objective of this Policy is to:

- Provide guidance in relation to the use of public open space in the placement of memorials, monuments, plaques, and the planting of commemorative trees.
- Ensure that applications for memorials, monuments, plaques, and trees are managed on a consistent basis and in accordance with the Council's strategic direction and corporate policies

POLICY STATEMENT

This Policy applies to the placement of memorials, plaques, and monuments as well as the planting of commemorative trees in Shire owned/managed parks, reserves, public open space and streetscapes.

This Policy does not apply to operations of cemeteries. All items instated in accordance with this policy become Shire assets and are therefore owned and under the care, control, and management of the Shire.

The policy applies to memorials, monuments, plaques, and commemorative trees, where the naming is intended to commemorate a (deceased) person, organisation, or significant event. It also includes the placement of such items for community driven projects, where the intent of the project is to raise awareness of a particular community issue.

Requests to recognise a living person/individual does not fall within the scope of this policy.

An artwork or other feature intended primarily to enhance open space and not designed as a commemorative piece, is not considered a memorial for the purpose of this policy.

The Shire recognises that members of the community may wish to use public open space to commemorate a person, group of people or event through a memorial, which adds to the value of the wellbeing of the community.

For the Shire to ensure its public open spaces continue to serve their intended purpose and are not transformed into places of mourning, and that its asset management practices are not impacted negatively, subjects for plaques, monuments, memorials, and commemorative trees in public open space are limited to the criteria and requirements outlined in this policy.

Applications and Base Criteria

Each application will be assessed on its individual merit and must first meet one or more of the following base criteria:

- An individual or association that has contributed significantly to the cultural, political, or social aspects of the Shire. Individual nominees are to be deceased, and demonstrate:
 - They were a local community member,
 - Left a tangible legacy to the community that has resonance with the broader public,
 - Placement benefits the community in acknowledging the deceased.
- An event or occasion to be commemorated:
 - Anniversary or event must be unique and highly significant to the history and development of the Shire of Exmouth; and State of Western Australia and/or Australia

- Reference to historical, social, or culturally significant events must be highly significant to a particular site within the Shire.
- Awareness campaign:
 - Where the intent of a plaque or memorial item is to raise awareness of a particular community issue, the applicant must demonstrate the relevance of the issue to the local community. Further to the base criteria, applications for items outlined in this policy must be received in writing to the Shire.
- All applications relevant to memorialising an individual are to be presented to Council for consideration and approval/refusal.
- Applications for monuments that meet conditions within this policy are to be presented to Council for consideration and approval/refusal.
- All other applications that meet conditions within this policy for memorials, plaques and trees are to be presented to the CEO for consideration and approval/refusal via an internal recommendation process.
- Community requests for infrastructure items such as park benches, picnic tables and plaques, where these are related to heightening the awareness and understanding of a particular community matter need to demonstrate the campaigns relevance to the local Shire of Exmouth community. These applications are to be presented to the CEO for consideration and approval/refusal via an internal recommendation process.

The outcome of applications is to be confirmed with the applicant/s following the relevant process.

Applicant Requirements

All applications must meet the following requirements:

- Commitment to fund the requested memorial item (plaque, memorial, monument, or tree),
- Must bear a relationship with the open space setting proposed and be consistent with any approved masterplans for the site,
- Must not detract from the aesthetic value of the identified location.

Plaque

The Shire will specify the size and design of the plaque.

This will be determined in accordance with the type of furniture or structure (such as raised plinth or stone) on which it will be placed.

The Shire will coordinate the purchase, design, and installation of the plaque. Any requested monument is to be managed, maintained, approved, constructed, and sited in a manner which is consistent with the financial, cultural, environmental, and social aspirations of the Shire.

Further to the above Memorials Criteria, monuments must also meet the following criteria:

- An individual Nominee should have made a highly significant contribution to the shared community history in the Shire that is also significant at a State, National or International level.
- An individual Nominee must have achieved at a high level and contributed over and above what might be reasonably expected through paid employment, or their voluntary contribution to the community and should stand out from others who may have also made a valuable contribution.
- The Shire will commission any approved monument request.

Park furniture

All furniture that is to be installed and/or on which Memorial plaques are to be placed, is at the discretion of the Shire and subject to the conditions of this Policy.

The Shire will coordinate the selection, purchase, installation, and maintenance of the furniture.

Tree selection

The type of tree to be planted is at the discretion of the Shire.

The Shire will have final approval of the exact location of the tree and installation details. The Shire will coordinate the selection, purchase, and planting of the tree.

Memorial trees may be identified by a commemorative plaque or other identification at the discretion of the Shire. The appropriate Shire park, reserve, public open space, or streetscape for the placement of the memorial is to be determined by the Shire in consultation with the applicant.

Cost

Applicants must meet the cost of the purchase and installation of furniture, monuments, plaques (inclusive of any required structure for mounting purposes) and trees.

Costs are to be determined on a case-by-case basis.

Applicants will be advised of the costs prior to the application being presented for approval/refusal purposes. Applicants can advise at this stage if they do not wish to proceed with the application.

Costs are to be paid in full before the Shire will undertake the purchase of the memorial.

Life of the furniture/plaque/ tree/monument

Memorials and plaques have a finite life.

The Shire envisages that infrastructure such as seating/plaques will be located at the site for a period of not less than 10 years from the date of installation.

Should a piece of memorial park furniture be vandalised beyond repair, it will be deemed to be at the end of its useful life and the Shire will use reasonable endeavours to contact the applicant/next of kin to inform them of this.

The Shire reserves the right to remove a memorial if it falls into a state of disrepair or to remove a memorial after the expiry of 10 years.

The Shire will use reasonable endeavours to contact the applicant/next of kin. In the case of a tree, the memorial will be for the life of the tree.

There will be no right to renewal and should the tree die; the applicant/next of kin will need to lodge a new application for a new memorial tree.

Monuments approved and commissioned in line with this policy will be deemed an asset of the Shire of Exmouth and managed in accordance with associated practices.

Memorial Register

The relevant registers are to be updated where a memorial, plaque, monument, or tree is approved.

This may include asset databases and the memorial register.

OIS003 Verge Maintenance and Enhancement

OBJECTIVES

To define responsibilities for verge maintenance and to identify verge enhancement treatments which are applicable for financial assistance.

POLICY STATEMENT/S

The area of land between the property boundary and the road edge within the road reserve of Council managed land is commonly called the verge.

Maintenance of the verge adjacent to residential, commercial and industrial properties is the responsibility of the property owner, or resident, except for street trees. Street trees are the property of the Shire and will be maintained by the Shire as required.

The Shire will also maintain the verge on Murat Rd, Maidstone Crescent and adjacent to all Shire public open space.

When a property owner chooses to carryout works within the verge immediately adjacent their property, certain conditions need to be met to ensure compliance, public safety and access.

All works carried out within the verge must comply with the Shires verge treatment guidelines, available on request through Shire Administration.

Important considerations include:

- Council does not support the installation of lawn on verges for financial assistance. If a lawn is installed, sprinklers shall be located adjacent to the street kerbing facing towards the verge. The spray shall be set to minimize any water wastage on to hardstand or road areas
- Nominated tree and/or plant species will be assessed for suitability as part of the Shires approval process
- Removal of street trees will only be considered in exceptional circumstances. Where approval is given to remove a street tree, the property owner must meet all removal costs and replacement of the tree with an approved species may be requested if a suitable location can be identified.
- The property owner or resident takes all responsibility for the protection of any above ground, or underground services. The cost of any repairs to such services resulting from verge works shall be borne by property owner or resident.

To be eligible for financial assistance related to verge enhancement works, a property owner must install an “approved verge enhancement” which involves either the removal of topsoil and a placement of fines, or the installation of a water wise reticulation system and/or suitable landscaping incorporating at least one of the following specifications:

- Fines Treatment - Removal of 100mm of topsoil, backfill and compaction of 80mm of fines.
- Garden Beds - Planting and maintenance of a garden bed is permitted provided that:
 - Clear sight visibility is maintained at all times for a person using the abutting thoroughfare in the vicinity of an intersection or bend in the thoroughfare; and
 - Where there is no footpath, a pedestrian has safe and clear access of a minimum width of 2.0 metres along that part of the verge immediately adjacent to the kerb.

Property owners or occupiers that carry out approved verge enhancements will be eligible upon presentation of copies of receipts of goods and/or services purchased locally for reimbursement up to an amount of \$300 for a single verge and \$600 for a corner block where dual verges are enhanced.

If the current or previous owner of the premises immediately adjacent to the verge has already received a reimbursement for such works on the same verge, then no further financial assistance will be made available.

Note: All applicants are advised that should the Shire or other statutory authorities require access to the verge to maintain their infrastructure there is no obligation on their part to carryout reinstatements to enhancements or provide restitution to the property owner for any damage.

Non-compliance with the Shires approved verge treatment guidelines may result in the Shire requesting remediation works be undertaken at the expense of the property owner.

OIS007 Shire Vehicle Fleet

PURPOSE

The Shire of Exmouth is committed to ensuring the safety and well being of its employees, contractors and the public by ensuring the safe and efficient operation, maintenance, and management of the Shire's fleet vehicles. This policy is designed to ensure that Council maintains a fleet of vehicles meeting safety, operational demands and contributes positively and effectively to the work performance of the Shire of Exmouth and provides guidelines for the allocation of council vehicles to employees.

POLICY

Allocation of Vehicles

The Chief Executive Officer is responsible for the allocations of a council vehicle to an employee and the Shire President to the Chief Executive Officer.

Vehicle allocation use, including make and model of vehicle/s and the kilometres travelled will ensure the most cost-effective outcome for the Shire whilst recognising provision of private use of motor vehicles under an employee's remuneration package. Vehicles will remain within Council's Fleet unless the Chief Executive Officer (CEO) has resolved that they are excess to Council's operational requirements therefore will be disposed of in accordance with Council's Asset Management Policy.

All light vehicles with the exception of the Chief Officers and the CEO are to be identifiable with Shire of Exmouth stickers on the both sides of the vehicle and all vehicles are to be licenced with Shire of Exmouth licence plates within the 3000 series.

Value of Vehicles

The average annual whole of life cost shall be used to determine the value of vehicles provided and enable:

- A full economic impact of various vehicle types;
- A comparison of costs between make/model of vehicles;
- Evaluation of options for providing vehicles to staff such as novated leasing or motor vehicle allowance; and
- Estimate of annual whole of life cost, calculated over the life of the vehicle (based on optimum changeover) and include depreciation, fuel, repairs & maintenance, tyres, and Fringe Benefits Tax.

Optimum Replacement Timing

The optimum replacement timing for light fleet changeover will be aligned to industry standards and take into account local conditions on asset consumption/deterioration:

- Passenger cars and Four Wheel Drives – 4 years / 80,000km whichever occurs first;
- Low Kilometre vehicles (2WD and 4WD Utilities) – 1½ years / 20,000km and utilised to replace High Kilometre vehicles; and,
- High Kilometre vehicles (2WD and 4WD Utilities) – 4 years / 80,000km replaced by Low Kilometre vehicles.

Vehicle Selection Criteria

The selection, use and management of light vehicles will maximise productivity, cost efficiency, safety and sustainability.

Vehicle selection will be based on the following criteria

| No. | Criteria | Description |
|-----|-----------------|--|
| 1 | Fit For Purpose | The vehicle must enable employees to perform the work function to pre-determined standard without increasing the safety risk to employees or the public |
| 2 | Safety | <ul style="list-style-type: none"> The Work Health and Safety Act 2020 deems vehicles to be a place of work. If a vehicle is not fit-for-purpose this may pose a WHS risk. The Australian New Car Assessment Program (ANCAP) assesses safety (injury risk) ratings on a scale of 1-5. All vehicles within the light vehicle fleet should have an Australian New Car Assessment Program (ANCAP) rating of Five stars. |

Vehicle Options

Additional protective equipment will be fitted to all vehicles to protect the asset, provide for safe operation and defend resale value of the asset. Optional extras include, but are not limited to the following:

- Ultra-High Frequency (UHF) remote-head radio;
- Floor mats, Dashboard Mat and Seat covers;
- Floor mat to the boot area (wagon or sedan);
- Cargo barriers for station wagons/vans;
- 1kg Car Fire Extinguisher and St John WA Off-Road Motoring Kit (Soft Case) (operational vehicles that travel outside the townsite only);
- Tub Liner (utility with style-side tray);
- Headlight and Bonnet Protectors;
- Driving Lights / spot Lights and Tow Pack; and,
- Window Tinting (maximum UV).

Endeavours, where possible, will be made to transfer protective equipment from disposed vehicles to be retained within the depot to replace damaged components or transition to new vehicles if appropriate (e.g. Driving lights, UHF radio, Cargo Barrier, Fire Extinguisher and First Aid Kit, etc.)

Where practical, available and economical, preference will be given to vehicles offering additional safety features, such as dual-front and side Air Bags, Anti-Lock Braking System (ABS), Vehicle Stability Control (VSC) and Traction Control (TCS) however this will not preclude purchase and these items will not be considered for after-market installation.

Vehicle Disposal

Options for disposal should be assessed on a case-by-case basis and where possible, in-bulk (aligned to bulk procurement) as per the Asset Management Policy including and include:

- Transfer of Low Kilometre vehicles of the same configuration transferred to High Kilometre teams to maximise currency and expedite utilisation as opposed to sale;

Council Policy

Shire of Exmouth

- Trade-in to the motor-vehicle dealer supplying the new vehicle;
- Disposal by public auction through a reputable auction facility; or
- Disposal by Public Tender.

Categories of Vehicles

When a vehicle is due for purchase or replacement, an assessment will be made of a range of vehicles from the WA State Government Vehicle Acquisition Contract (37804) that are fit for purpose and meet the Shire's requirements.

Consideration shall be given, where appropriate and most importantly practical, to the purchase of Hybrid Electric Vehicles (HEV). Plug-In Hybrid Vehicles (PHEV) may be considered when supporting infrastructure is commissioned in the Shire of Exmouth.

Exclusion of the purchase of Fuel Cell Electric Vehicles (FCEV) and Battery Electric Vehicles (BEV) will be maintained until technology becomes more readily available and extended range afforded.

CROSSOVERS

Crossover Specification

A vehicle crossover must be designed and constructed in accordance with the Shire's Vehicle Crossover Specification and suited to the development type and vehicle usage requirements.

All new crossovers shall be constructed in accordance with the standard detail drawings and specifications provided by the Shire, unless approval is granted otherwise.

Crossovers over an open drain shall require the installation of culvert/pipes, rock pitching, headwalls or any other element relating to stormwater management necessary to maintain a steady flow through the drain. This must be designed in accordance with drainage guidelines contained within the Shire's Vehicle Crossover Specification.

Crossover Maintenance

The property owner shall be responsible for the maintenance of the crossover to ensure that it remains in a safe and trafficable condition. The Shire may request the owner to undertake repairs to the crossover at the owner's expense.

Crossover Subsidy

In accordance with the Local Government (Uniform Local Provisions) Regulations 1996 (Sch. 9.1, c17):

"The local government is obliged to bear 50% of the cost, as estimated by the local government, of a standard crossing, but otherwise the local government is not obliged to bear, nor prevented from bearing, any of the cost."

The following conditions apply in relation to eligibility of a crossover for a subsidy:

- Only the first crossover for a property is eligible for a subsidy
- The subsidy shall apply to industrial, commercial and grouped dwellings as well as single residential. In the case of strata titles, a subsidy shall apply to each individual crossover up to the number of dwellings.
- The subsidy must be claimed within six months from the date of completion.
- Prior to crossover preparation or concrete pour, the applicant must:
 - a) Submit a Vehicle Crossover Application form; and
 - b) Carry out inspections with the Shire's officers.
- Should Applicants pour concrete or construct the crossover prior to complying with items a) and b) above their right to claim a subsidy will be void.
- The subsidy application shall be submitted with itemised evidence to support the cost of construction. The cost of implementing stormwater management measures is not eligible for subsidy.

The Shire of Exmouth shall subsidise 50% of the crossover cost based on the dimensions of a standard crossover (as identified in Clause 2 – Definitions) and subject to the crossover complying with the Shire's Vehicle Crossover Specification. Reimbursements will be paid at a rate of \$130 per m² for residential crossovers and \$160 per m² for commercial crossovers with the following formula to determine the total reimbursement cost:

$$R = 0.5 \times 3 \times 130 \times Vw \text{ for residential crossovers and;}$$

$$R = 0.5 \times 6 \times 160 \times Vw \text{ for commercial crossovers}$$

Where:

R = Reimbursement total

Vw = Verge width

OIS009 Refunds of Building Fees

OBJECTIVES

To ensure that a structured approach is maintained by the Shire when dealing with the issue of building fee refunds.

POLICY STATEMENT/S

This policy is designed to clearly define the different categories of building fee refunds applicable to building permit applications that are cancelled. It is the intent of the policy to allow staff to deal with requests for building permit fee refunds administratively and for such requests to be dealt with in a consistent manner.

The policy places a building permit that is withdrawn into one of three categories for determining the level of refund applicable to the building fees paid.

Where an application is withdrawn and does not reasonably sit within one of the following categories, then it shall be reported to the Chief Executive Officer for determination.

Category 1

Where a building permit application is submitted but is withdrawn prior to any assessment being carried out by the Shire.

In this instance the Shire has receipted the application registered (i.e., given a number and information recorded on the computer system), registered, established a file, and placed any trust monies (e.g., BRB and BCITF levies) into respective accounts.

The minimum fee for an application is prescribed by regulation. In these instances, it is considered that the Shire would have spent at least that amount in administration costs.

Accordingly, in this category an administration fee, being the minimum building permit application fee, shall be retained by the Shire and the balance may be refunded to the applicant upon request.

Category 2

Where a building permit application is submitted but is withdrawn prior to approval being granted or is cancelled/refused due to required information not being provided by the applicant within the timeframe prescribed by the Building Regulations.

That is, the Shire has carried out the administrative function of Category one and undertaken the professional assessment such as site inspection, plan, and specification assessment for compliance with the Building Code of Australia and Health Act assessment.

Formal appraisal has not been completed and may be pending further information or planning approval. In this instance, where preliminary processing has been completed and the application is withdrawn, the Shire would be "out of pocket" if only the minimum permit application fee was retained.

To retain an appropriate amount of the application fee to cover the preliminary assessment and processing costs the following refund structure is adopted by the Council: -

- Where the application fee paid is \$150.00 or less no refund will be given,

Council Policy

Shire of Exmouth

- Where the application fee paid is greater than \$150.00 but less than \$300.00, a minimum fee of \$150.00 shall be retained by Council and the balance may be refunded to the applicant upon request; and
- Where the application fee paid exceeds \$300.00 then 50% of the fee may be refunded upon request.

This policy does not apply to the following:

- Where a vendor is part of an event, carnival, market, fete, or the like (this would require an event permit),
- Where the activity is a one-off occurrence such as an opening or open day for a business/premises (this would require an event permit),
- Trading from private property strictly under consent of the landowner (food permit still required if selling food and beverage products),
- Community health mobile clinics and other government/community like uses; and
- A 'produce stall' within private property.

DEFINITIONS

OIS012 On-street (Verge) Parking

OBJECTIVES

The objective of this verge parking policy is to clearly state the circumstances in which Council is prepared to consider proposals for the construction of privately funded on-street parking within a road reserve.

This policy applies to all proposals for the private funding of on-street parking abutting land zoned Service Commercial or General Industrial under the Shires' Local Planning Scheme.

Additionally, the policy seeks to:

Promote the orderly and efficient use of land within established service commercial/industrial areas and within the Shire by allowing for the provision of privately funded on-street parking at appropriate locations;

- Provide for additional vehicle parking within established service commercial/industrial areas where a parking shortfall exists, and landowners are willing to fund the provision on-street parking; and
- Facilitate land use changes and minor building alterations without creating a shortfall in the provision of vehicle parking bays, by enabling contributions to be made by landowners towards the construction of on-street parking.

POLICY STATEMENT

Definitions

On-street parking: On-street parking is that provided directly adjacent to and accessed from the road carriageway, in the area that would otherwise be considered the road verge.

Verge: The area of land between the edge of the road carriageway and the boundary of the road reserve, used for the purposes of pedestrian access, drainage, vehicle parking, landscaping etc.

Circumstances in which privately funded on-street parking will be considered.

The Council will only apply this policy in established service commercial zoned Service Commercial under the Shires Local Planning Scheme and may apply it in the case of applications for the change of use of land and for minor building alterations (e.g. installation of mezzanine floors in existing buildings) where a parking shortfall will exist as a result of the proposed change of use or development and there is no scope for additional vehicle parking on site.

In addition to the above defined land use zones, the following conditions will apply:

- Council will not support the private funding of on-street parking as a means of reducing vehicle parking areas already provided on private property.
- All on-street parking provided within a road reserve will be available for the use of the general public and will not be reserved for the use of any particular landowners or associated with any business.
- Parking areas provided for under this policy will be available for use free of charge.
- The provision of on-street parking will only be considered on local roads in locations deemed safe by the Shire's engineering staff.

Council Policy

Shire of Exmouth

- Provision of on-street parking will only be considered within the verge directly fronting the property in question.

Design & Construction requirements

All parking provided within the road verge is to be designed and constructed as per Australian Standard 2890.5 Parking Facilities – On Street Parking.

In addition to these design standards, on-street (verge parking) shall also meet the following requirements:

- a) parking spaces shall only be located where sufficient sight distances can be maintained for safe intersection operations, pedestrian movements and crossover operations.
- b) A minimum of 2.5m shall be maintained from the front property boundary to the edge of the parking bays to maintain clear pedestrian access paths adjacent to the property boundary.
- c) Parking areas may be sealed, or unsealed, however shall always provide clear delineation and demarcation of parking bays. For sealed parking areas, this is by way of line marking. For unsealed parking areas, this shall be by way of a combination of wheel stops and on-ground parking markers.
- d) Parking bay pavement construction shall consist of minimum 150mm thick road base material, sufficiently wet-mixed and compacted. Finish surface levels shall not adversely impact existing surface drainage paths, including shallow swale drains that exist within the verge.
- e) No existing street trees shall be removed to accommodate on-street parking, unless approved by the Shire. Where removal of street trees is supported, additional landscaping may be requested.
- f) The provision of ACROD Bays must be on-site and will not be considered within the verge.
- g) The location, protection or relocation of all utilities potentially impacted by any works within the verge are the responsibility of the applicant.

Funding arrangements

All costs associated with the provision of parking areas provided under this policy are to be borne by the applicant; including application fees, costs associated with the relocation of services, verge irrigation, street lighting and any traffic management works required as a result of the construction of on-street parking.procurement

Design and construction of all works associated with the provision of on-street parking are to be carried out by suitably qualified engineering consultants and contractors, at the expense of the applicant.

Construction of on-street parking and works within the verge will require a bond to be paid to, and held by the Shire until all works have been completed to the satisfaction of the Shire. Traffic management plans must be submitted 7 days prior to works commencing and an inspection fee will be charged.

All costs associated with the ongoing maintenance of the on-street parking bays and verge areas will be the responsibility of the adjacent landowner. Conditions will be monitored by the Shire and requests to rectify issues may be made where there are safety concerns, or if the condition of the parking areas is likely to impact the pavement condition of the adjacent road.

RATIONALE

The provision of vehicle parking areas is of high importance when considering a development application in established service commercial/industrial areas. Council receives numerous applications for changes to land use and minor additions to existing buildings in which Council is requested to grant reductions to the number

Council Policy

Shire of Exmouth

of parking bays required under the scheme, due to the inability to provide parking on site. The provision of privately funded vehicle parking areas within road reserves provides the Shire and landowners with an alternative means of facilitating changes to the use of land and minor alterations to buildings without creating a shortfall in the number of parking spaces available in the immediate vicinity.

The Shire has been approached by a number of landowners who are willing to fund the provision of additional vehicle parking areas within road reserves abutting their land in order to address existing parking shortfalls.

Providing that the location is appropriate after taking into account design and safety issues, and providing that landowners are not using this approach as a means of reducing vehicle parking on site, now or in the future, it is considered appropriate to allow for provision to be made for vehicle parking areas within road reserves.

The provision of vehicle parking areas within road reserves is an appropriate and efficient use of road reserves where the reserve is of a sufficient width to enable properly designed and landscaped parking areas to be constructed.

The provision of additional vehicle parking within areas where a parking shortfall currently exists will benefit the locality by discontinuing the illegal parking of vehicles on the verge, which is both unsightly and invariably results in damage to verges.

This policy is not to be applied in a manner that enables landowners to reduce the number of vehicle parking spaces provided on site, but rather provides an alternative means by which the Council can approve changes of use to uses with greater parking requirements, and minor building alterations including additions and internal alterations (e.g. mezzanine floors) without creating a parking shortfall in the location.

The policy provides a means of facilitating the economic development established areas, by enabling landowners to change the use of land while ensuring that vehicle parking issues are properly addressed in accordance with the principles of proper and orderly planning.
